

2015September Membership

The co-chairs and committee members have all communicated and given introductions via email. We had one committee member leave the committee for a reason unrelated to the committee.

The co-chairs have been studying the documents and goals from previous years and are actively formulating an agenda for the committee. It is expected to be ready by September. We are discussing institutional membership, introducing an "Ambassador" program that would be tied to membership drives, the possibility of "sponsoring memberships," and a fundraising "round-up" option on membership renewals.

Bess Robinson & Anthony Prince, Co-chairs
