

Representative: Southeastern Library Association

SELA online board meeting took place November 4, 2015. Proposed changes to the by-laws were discussed. Financial report submitted and SELA is doing well. The next annual conference will be with Georgia on October 5-7, 2016 in Athens, GA and will be advertising by TLA-L and other media available.

A lengthy list of links to free or low cost webinars available for anyone to access for educational purposes, has been added to the SELA website.

Discussion of changes to the membership/mentoring board displays that are used by all state representatives at their individual conferences is taking place. The membership/mentoring committee will make changes to format, etc. and the SELA administration will have it printed into a new display. The membership and/or mentoring brochures will also be updated and printed through SELA administration as well. I have put TLA on the list for borrowing the display at our conference in April 2016 and at this time no other conferences will conflict with the dates needed. Display will be shipped through UPS from Atlanta and I will be responsible for it to be returned safely in good condition after our conference concludes. Membership committee reported there are currently a total of 239 members of which 17 are from Tennessee.

Committee, roundtable and all state representative reports were given.

Respectfully submitted,

Sue Knoche, TLA/SELA Representative / December, 2015
