

Development Committee Report

December 2015

The Development Committee Co-Chairs interviewed individuals who have chaired, or are currently chairing, the Conference committee and the Honors & Awards committee. These interviews helped to gain more understanding of the existing development initiatives as well as to help identify gaps and opportunities.

Next steps:

The co-chairs will continue to gather information about the existing TLA Development landscape, and will share the information with each other and the rest of the committee members.

Respectfully submitted,

Kelly Lee and Chantelle Swaren

Development Committee Co-Chairs
