

TLA Restructure Task Force Report
11/30/2015

The Subcommittees have been working on a couple of things:

- Creating a document with the governance structures of other state library associations. We have focused on contiguous states and the Southeast, but are open to looking at others. This will be in Google Docs soon for everyone to use. (Suggestions welcome!)
- Looking at the “what doesn’t work” portion of the survey results distributed by Susan Jennings, and offering suggestions on how to re-structure the association to address those, if possible.

Many thanks to the subcommittee members for their work!

We anticipate moving forward in January, once everyone has had a chance to review the research and the suggestions.

Respectfully submitted,
Ruth Kinnersley, co-chair
