Co-Chair Jodie Gambill is a member of the newly formed Not at the Table Yet Task Force. The task force had its first meeting on May 15, 2015, and most of the discussion centered around membership-related issues.

One major point of discussion was institutional memberships. The previous Membership Committee started some research into how TLA’s Institutional Membership (IM) program might be changed (or not). The current Committee conducted a survey to gather opinions on the IM program but did not follow up to make formal recommendations for IM program changes.

The current Committee recommends that this issue be the very first thing that the next Membership Committee looks at for the 2015/16 year.

Respectfully submitted,
Jodie Gambill and Richard Groves
Membership Committee Co-Chairs
