

Instructions for Creating a New Account in the TCAA Online Education System

TCAA's new Online Education System requires a separate login for those without a TCAA website profile/login. Please follow these steps to create your own account to log into the system.

1. Click on the link to TCAA's Online Education System: <http://learn.traumacenters.org>
2. Click on the blue Login button on the upper right.
3. The Login panel pops up. Click on Create Account on the bottom left of the box.

4. Enter your name, create a login name, enter your email address and create a password.
5. Click Create Account.

Basic Info

Name	<input type="text" value="Your Name"/>
Login Name	<input type="text" value="jsmith"/>
Email Address	<input type="text" value="Email"/> @ <input type="text" value="Domain"/> ▼
Password	<input type="password" value="Password"/>
Require ADA Accomodation	<input type="checkbox"/>

Create Account

6. You will receive an email from info@traumacenters.org asking you to verify your email address.
7. Check your email and click on the link to verify your email address.

- 8. After verification is complete, the login panel will pop up again.
- 9. Click the Login button to log in with your new login name and password.

Profession and Licensure Information

Please indicate the type of continuing education you are claiming.

Credit Claiming:

For compliance reporting, TCAA requires your license number and state registered in (use state abbreviation).

License #:

State Registered in: (use state abbreviation)

Address Information

You must complete your address information below before accessing the system.

Address 1:

Address 2:

City:

State/Province:

Zip Code:

- 10. Select the type of continuing education credit you will claim, Physician CME, Nurse CE, or Not applicable and then if applicable enter license and address information (use the state abbreviation).
- 11. You will see a message that all the required information was entered. Click OK.
- 12. You will automatically be taken to the course catalog page to search for courses or browse by clinical or administrative category.

The screenshot shows a web interface for a course catalog. On the left is a sidebar with 'Catalog', 'My Courses', and 'Help'. The main area has a search bar and a 'Browse' menu with categories like 'Clinical Courses' (Pediatric, Geriatric, All Clinical) and 'Administrative Courses'. Two featured course cards are visible: 'Trauma Complications: Best Practices to Avoid Complications' and 'Trauma for the Bedside Nurse: From Chaos to Concise', both marked as 'Purchased' and 'On-Demand' with '1 CE' credit.

- 13. Once you find the course you would like to take, click anywhere in the course title box to select the course.

The screenshot shows the detail page for the course 'Trauma Complications: Best Practices to Avoid Complications'. It includes a breadcrumb trail 'Catalog / Trauma Complications: Best Practices to Avoid Comp ...', the course title with a heart icon, and a brief description: 'Trauma Complications is a course offered in series one of Trauma University, which debuted at TCAA's 2017 Annual Conference. Course topics are contributed by TCAA members and are designed to provide practitioners with clinical education opportunities. Faculty Presenter: Madeline Georgino, DNP, AGACNP'. A list of learning objectives follows: 1. Recognize symptoms of extremity compartment syndrome and urgency of intervention. 2. Outline three risk factors for venous thromboembolism. 3. List benefits of early mobilization and nutrition in intensive care unit. 4. Recall the difference between unstable and stable spine fractures and associated spinal precautions. On the right, a 'Summary' box shows 'Availability: On-Demand' and 'Credit Offered: 1 CE Credit', with a 'Get Started' button.

- 14. Click on the Get Started button to start the course.
