This 2 1/2 day, hands-on seminar takes place in a beautiful setting on the pristine Frio River near Garner State Park at the 15,000 acre historic Annandale Ranch in the Texas Hill Country.

This unique interactive experience is presented and led by some of the state’s most highly experienced practicing Licensed State Land Surveyors.

Participants who attend will:

♦ Participate in the determination of the gradient boundary of the Frio River.
♦ Capitalize on techniques for determining corner search positions learned over years of experience.
♦ Appropriately apply the field evidence to final original survey construction to legally establish missing or obliterated corners.
♦ Review landmark court cases that were the basis for the current dignity of calls in regard to retracing original survey corners.
♦ Examine ancient trees in search of survey witness marks called for in the original survey field notes.
♦ Seek and find original rock mounds set in the 1800s that remain virtually undisturbed and in their original position.
