SkillsUSA Efforts By TSPS Recognized By Duncanville ISD Trustees At Board Meeting

At the April 13th Duncanville ISD School Board Meeting, Bill Coleman and Chris Freeman represented the Texas Society of Professional Surveyors in accepting a Special Recognition for its support of the Duncanville High School Skills/USA Survey Program.

The televised event included comments by Barton Burnett, Faculty Advisor, who complemented TSPS at both the state and local level, for their strong commitment and partnership with the school during the past two years. He mentioned that no other industry could compare to the support, dedication, and commitment that TSPS had demonstrated. He added that through this unique partnership, his Engineering Technology group has seen a dramatic increase in interested students, including an unprecedented 50 pre-Advanced Placement incoming 9th graders for next Fall, and a growing number of female students interested in the various Engineering programs.

He credited the work of local Dallas Chapter No. 5 members and firms, who have donated monies, internships, and equipment, and provided professionals to speak, present, assist, and mentor to both high school and middle school students within Duncanville ISD.

See Duncanville ISD, Next Page
As part of the recognition ceremony, a donated Total Station was displayed before the Board members. Chris Freeman spoke briefly, informing the Board that TSPS support is strong and will continue, and that the relationship our professional society has with the District serves as a model for other local Chapters of TSPS to build similar relationships with their local schools. All in all, a great evening for all members of TSPS.

As a footnote, it is interesting to remember that Mr. Burnett attended the inaugural Educator’s Retreat held in June of 2007. From that 3-day event, he came away with a knowledge of a profession that he has been able to promote and share with his students. At the recently concluded statewide Skills/USA competition held in Corpus Christi April 2-4, Duncanville survey teams placed 1st and 4th. Their teams are composed entirely of freshman, sophomores, and juniors.

Hopefully the efforts of other TSPS members will be as fruitful as those here in North Central Texas.

(Submitted by Chris Freeman, Public Relations Committee Chair)
Kudos For SkillsUSA Competition Sponsors

Chris Freeman
Public Relations Chair

Credit is extended to an array of people and firms who assisted the TSPS Public Relations Committee and the Skills USA Committee at the recent statewide competition held in Corpus Christi on April 2 and 3rd. I was able to assist James Redmon and Bill Coleman on Friday monitoring the field exercises, and thought TSPS had a great presence at the event. We had assistance Friday from a couple of the Texas A&M-CC survey students, who also assisted James Thursday evening with setting up the outdoor field courses.

I would like to acknowledge the following for their contributions and donations for the “goodie bags” that were provided to all the student competitors (21) and their Faculty Advisors:

- Richard Ortiz
  (drove items to Corpus Christi for student competitors)
- Lone Star Record & Abstract
- Rodney Walsh, John Clark, and Ronna Stenger
  Geomatic Resources, LLC.
- Carlson Desktop Solutions
- Raul Wong, Jr. and Halff Associates
- Bohannan Huston, Inc.
- Robert Young & Associates
- RODS Surveying
- AECOM
- University of Houston, Dept. of Engineering Technology
  Dr. Stacey Lyle and students, Texas A&M-CC
- Lina T. Ramey & Associates
- Dallas Aerial Surveys
- Western Data Systems (Dallas and Houston offices)
- Texas Dept. of Transportation, Corpus Christi District
  Danny Hayes, John Nicholson, and MIDWEST A&E

Field exercises were part of the 2-day Texas SkillsUSA competition in Corpus Christi.

A Last Look At 2009 TSPS Symposium

Roughly 200 attendees turned out to a luncheon to help TSPS honor three of our 2008 Award Winners. These honorees were unable to receive their awards during the Oct. ‘08 Cruise Convention.

TSPS also commemorated Surveyors Week with a GeoCache Monument Dedication at the Texas Ranger Hall of Fame & Museum in Waco. Following are a few details of the March 20-21 Symposium:

Paid attendees: 232
Members: 181
Non-Members: 51

3 no-shows, 5 walk-ins, and 25 speakers

Professional Full registration: 79
Professional Fri registration: 55
Professional Sat registration: 19

Para Full registration: 21
Para Friday registration: 27
Para Saturday registration: 34

Friday morning total: 150
Friday afternoon total: 177
Sat morning: 147
Sat afternoon: 103

And plan now for 2010 Symposium in Abilene!
More From Symposium

TSTC’s Lee Hilliard (front row, second from right) brought a team of Geospatial Technology students to the 2-day Symposium in Waco. Their volunteer efforts were appreciated by all!

Leading TSPS efforts to install a Geocache site at the Texas Ranger Hall of Fame and Museum were (from left) Charlie Redd, Michael Evans, Jamie Gillis and Chris Freeman. A ceremony dedicating the site was held Friday, March 20 at the Ranger Museum during Surveyors Week festivities.

More than 200 people attended the Friday luncheon and award ceremony at 2009 Symposium.

Texas Ranger Museum, with its impressive land surveying exhibit, was opened up to TSPS Symposium attendees.

(left photo) Texas Ranger Hall of Fame and Museum Executive Director Byron Johnson (left) joined TSPS Historical Committee Chair Don King at the Geocache ceremony.
Second Quarterly Board Meeting

Please see the following meeting notice for information about next month’s board meeting and the annual Ray Wisdom BBQ and auction. The Radisson room block will close on May 22, reports are due on May 22 and the deadline to enter a team in the BBQ competition is May 29 (see more about the BBQ competition on page 8).

We look forward to seeing you in Austin in a few short weeks. – Anne Glasgow

FROM: Anne Glasgow, Executive Director

RE: BOARD OF DIRECTORS MEETING
June 12-13, 2009

The second Board meeting of 2009 will be held at the Radisson Hotel (6000 Middle Fiskville Rd) • Austin TX 78752 • 512-451-5757 on June 13, 2009. The TSPS room rate is $105 per night. Please note the reservation cut-off date is May 22. Call 512-451-5757 or 800-333-3333 for room reservations. If you are securing your reservation online the group booking code is: tspsju

Reports are due by noon May 22, in order to be included in the Board books. Please mail, fax, or email (anneg@tsps.org) committee reports to arrive by that time. Please review the goals paying special attention to any action items referred to individuals or committees by President Parker. Those items should be specifically reported at each quarterly Board of Directors meeting.

Since the picnic immediately follows the Board meeting casual attire is appropriate for the meeting.

June 12 – Friday
5 PM Executive Committee Meeting
(Pres Parker’s suite)
7:30—10:30 PM Hospitality

June 13 - Saturday
7:00-11:00 AM TSFI Trustee and various committee meetings
9:00-10:45 AM Chapter Presidents’ Forum
10:00- 11:00 AM SIT Forum
11:00 AM-1:00 PM Chapter Presidents’ LUNCH
1:00-4:00 PM Board of Directors’ Meeting
4:00-8:00 PM Ray Wisdom BBQ and Auction

Any committee chair needing space for a committee meeting should contact the TSPS office ASAP for your arrangements.

Please encourage young surveyors to attend the SIT Forum at 10 AM to noon on Saturday. SITs and other paraprofessionals are the future of this profession and this organization so they should be encouraged to get involved and help determine future direction for TSPS. The meeting will be led by Shane Neally and is open to all SITs interested in attending.

TSPS Chapter Spotlight

Chapter Two Observes National Surveyors Week in Public Way

TSPS Chapter Two joined surveyors across the country in observing National Surveyors Week March 15 – 21. Jamie Gillis oversaw the effort to place exhibits in three libraries around the metroplex; the Southwest Regional Library in Fort Worth and the Lake Arlington and Central Arlington libraries in Arlington. The exhibits featured historic and modern surveying equipment and information.

Bill Coleman arranged for the Denton City Council to adopt an official proclamation recognizing the long history of accomplishments of the surveying profession.

(Information from North Texas Chapter 2 website at: http://www.tsps-2.org/)

Players (and Sponsors!) Flock to 10th Annual Chapter 5 Golf Tourney

(From Tournament Chair Sean Flaherty in the May Newsletter of Dallas Chapter 5)

On April 25th, TSPS Dallas Chapter 5 sponsored the 10th Annual Tim Mireur Golf Tournament. This event has grown over the years in both participation and sponsorship. This year there were 84 players and 10 Hole Sponsors.

This year was as good as it gets, starting with a homemade Tex-Mex breakfast sponsored by Rene Ortiz and Precise Land Records! After play, everyone returned to the clubhouse for a fantastic lunch from Texas de Brazil.

The 1st Place team was comprised of Bud Hodgin, Jeff Vick, Curtis Smith and Jon Cooper. Runners Up were Rodney Walsh, Sue Stewart, Paul Carlson and Dave Rowlett, and the 3rd Place Team was Dan Flaherty, Tom McKeever, Doug Mikeworth and Brian Meyer. There were other awards given including the Longest Drive which was won by Chris Cox.

Part of the proceeds are now used strictly for scholarships and education. Every year we have several companies and individuals that sponsor this tournament. This year the Hole Sponsors included the following:

ARS Engineers, Inc.
Fulton Surveying, Inc.
Geomatic Resources LLC
Lamb-Star Engineering, L.P.
Lina T. Ramey & Associates, Inc.
Lone Star Record & Abstract Services, Inc.
Midwest Architects & Engineers Supply, Inc.
The Wallace Group, Inc.
TSPS Chapter 2
Western Data Systems, Inc.

Thanks to these sponsors, we are better able to promote and support our growing local survey classes. And besides Precise Land Records, there are Special Thanks that need to go out to a few more individuals and companies. Richard Ortiz and Lone Star Record & Abstract provided additional funds for prizes, and John Nicholson and Midwest Architects & Engineers Supply also provided the trophies and other prizes. Also a Special Thanks goes to Sue Stewart and Fulton Surveying, and TSPS Chapter 2 (Fort Worth) for assisting in this fundraiser, and promoting these survey classes and students. The Chapter netted $2,000 to go towards our local surveying Education.

Chapter 10 Helps Create New Surveying Program At Odessa College

A new land surveying program is available for students in Texas. Odessa College trustees approved curriculum for the new program, which when completed, will provide students with an associate’s degree in applied science in surveying.

Major topics of study in the land surveying program will include: mapping, route surveying, GPS and electronic data collection, control surveying, measuring boundaries, calculating land areas and evaluating and determining property corners.

You can learn more about new land surveying program by contacting Permian Basin Chapter 10 president Marcus Hostas at marcus@team-west.com, and check out a story from the Odessa American newspaper HERE.
Test Your Grilling Skills At First-Ever BBQ Cook Off

RAY WISDOM BBQ COOK OFF & AUCTION TO BENEFIT TSFI

DATE: JUNE 13, 2009
TIME: 10:00 am to 4:30 pm
LOCATION: Zilker Park Clubhouse, 200 Zilker Clubhouse Road, Austin, Texas 78746
ENTRY FEE: No cost. Each team must supply and cook donated meats for auction event

This year we are inviting five BBQ teams to participate in a cook off at the Ray Wisdom Auction. TSPS will accept the first five teams that register as participants in this year’s event. Teams can be sponsored by TSPS Chapters, student groups or companies and are limited to four members per team. Each team will prepare two competition meats for judging by the TSPS Executive Committee.

COMPETITION MEATS: Pork spare ribs and whole chicken

Cooking must be complete by 4:30 and judging will begin between 4:30 and 5:00.

***DONATED MEATS: Sausage, pre-cooked brisket, ribs – Each team should prepare enough donated meat to feed 25 diners

DEADLINE FOR REGISTRATION: May 29, 2009

Contact Henry Kuehlem at hkuehlem@aol.com to register a team.

TSFI Focused on Texas Land Surveying Students

The Texas Surveyors Foundation, Inc. (TSFI) received its charter pursuant to the Texas Non-profit Corporation Act on November 12, 1982.

The purposes for which TSFI was formed include charitable, educational and scientific purposes including the following:

* The granting of scholarships and providing guidance to students who wish to receive instruction and training in the art of surveying;
* To conduct and support programs for education in surveying and related subjects;
* To disseminate surveying information beneficial to the interested public;
* To establish and maintain a surveying center; and
* To establish a library to maintain and preserve reference materials and surveying records of current or historical significance.

TSFI needs your support and the support of your chapter. You can help by utilizing the forms below.

* Scholarship Information and Application
* Interactive Scholarship Information & Application (Fill out form on computer, then print and send to TSPS office)
* Membership Application
* Memorial Gift Form

Visit www.tsps.org for more information.

## The Wise Owl

**EVER WONDER...**

- Why the sun lightens our hair but darkens our skin?  
- Why a woman can’t put on mascara with their mouth closed?  
- Why you never see the headline “Psychic Wins Lottery”?  
- Why “abbreviated” is such a long word”?  
- Why doctors call what they do “practice”?  
- Why lemon juice is made with artificial flavor and dishwashing liquid is made with real lemons?  
- Why the man who invests all your money is called a broker?  
- Why the time of day with the slowest traffic is called rush hour?  
- Why there isn’t mouse-flavored cat food?  
- Why Noah didn’t swat those two mosquitoes?  
- Why they sterilize the needle for lethal injections?  
- Why they don’t make the whole airplane out of the same stuff they use for the indestructible “black box”?  
- Why sheep don’t shrink when it rains?  
- Why they are called apartments when they are all stacked together?  
- Why they call the airport a terminal if flying is so safe?  
- AND if con is the opposite of pro, is Congress the opposite of progress?
SURVEY TEAM – DALLAS/FORT WORTH
We are currently seeking a Survey team to work on a major transportation project in the Dallas/Fort Worth area. We are prepared to make immediate hiring decisions.

A Registered Professional Land Surveyor (RPLS) is being sought to lead a Survey Crew and Survey Technicians. The candidates must have previous experience with construction layout surveying. The survey technicians must be familiar with Terramodel and Microstation.

Successful candidates will have to submit and complete the necessary screening and background requirements.

Please contact: 972-348-1847 or email DFW.design.build@gmail.com

SURVEY CHIEF – CAPITAL PROJECTS
SALARY: (Gr. 66) $ 17.22 - $ 21.52
Application period: April 9, 2009 - Until Filled

JOB SUMMARY AND PRINCIPAL DUTIES:
Responsible for performing civil engineering field survey work in connection with preparing plans and investigations for Capital Projects. Supervises and works a field surveying crew to collect information for designing capital improvement projects. Prepares AutoCad drawings from data collected. Field verify construction projects. Collects field information for preparing cost estimates for miscellaneous civil type projects. General office work as needed to provide continuous operation of the Capital Projects Department.
