

National Geodetic Survey (NGS) offers Webinars addressing the 2022 Datum and other changes.

Passing along an informational email received from Steve Telford, Oklahoma State Geodetic Co-Coordinator.

NGS's webinar page is located at https://www.ngs.noaa.gov/web/science_edu/webinar_series/, where you can sign up for webinar notifications, check upcoming webinars and view previous webinars. There are many webinars addressing the 2022 datum and other changes coming in 2022, a few from this year include:

Blueprint for 2022, Part III: Working in the Modernized

NSRS https://www.ngs.noaa.gov/web/science_edu/webinar_series/blueprint-for-2022-part-3.shtml

GPS on Bench Marks: 2022 Transformation Tool

Campaign https://www.ngs.noaa.gov/web/science_edu/webinar_series/gps-on-bench-marks-2022-tool.shtml

Fate of the U.S. Survey Foot after 2022: A Conversation with

NGS https://www.ngs.noaa.gov/web/science_edu/webinar_series/fate-of-us-survey-foot.shtml

At the top and bottom of the Recorded Webinars pages you can click the year button to browse that years Webinars and most webinars have the PowerPoint presentation available for download.
