

48th Annual TSRC State Convention
Waco Convention Center
“TSRC- Taking it to the Next Level”

Respiratory Care Program Faculty

TSRC Program Committee invites your students to participate at the TSRC 48th Annual TSRC State Convention and Exhibition being held July 8-10 in Waco, Texas! There are many opportunities for your students to participate in this year's event including Sputum Bowl, attending our Student Enrichment Program, Service Learning/Volunteer opportunities, Bowling Tournament and Student Abstract Presentations.

Student Registration for Conference

- **1 Day Student Member:** \$30 – includes breakfast, afternoon snacks and attendance to all lectures and the exhibit hall
- **2 Day Student Member:** \$40 – includes breakfast, lunch, afternoon snacks and attendance to all lectures and the exhibit hall
- **2 Day Student Volunteer Registration:** FREE –Limited availability and volunteers are selected on a first-come, first-serve basis. Students that are interested in volunteering can click [here](#) for the volunteer form and additional information.
- **PLEASE NOTE: Students and volunteers must be AARC members in order to be TSRC members and attend the TSRC State Convention.**

Registration for all attendees is currently open at the TSRC website. Click [here](#) to register.

Texas Sputum Bowl

The Texas Sputum Bowl is a quiz style competition between teams of 3 students focused on enhancing the knowledge of the participants in the history and practical applications of respiratory care. The Sputum Bowl is scheduled for Tuesday, July 9, 2019. The first place team gets the opportunity to participate at the AARC Congress National Sputum Bowl Competition. For more information on the Texas Sputum Bowl and to register a team, please visit the TSRC website. Click [here](#) to find the rules, reference sheet and team application.

Student Enrichment Workshop

This year, the TSRC Programs Committee is organizing a “Student Enrichment Workshop” scheduled for Wednesday, July 10, 2019. These presentations will be geared towards current students of a respiratory care educational program that have not graduated or obtained a professional credential. These could include round-table discussions, formal presentations, or hands-on activities.

“No Experience Required” Benefit Bowling Tournament

The 2019 “No Experience Required” Respiratory Care Foundation of Texas Benefit Bowling Tournament will be held on Tuesday July 9, 2019 from 7:00PM - 10:00PM at the AMF Westview Lanes in Waco, Texas. This event is designed to have a fun and friendly competition for all skill level of bowlers and will act as the main fundraising event for the Respiratory Care Foundation of Texas. Each 4-person team will consist of a team captain and 3 supporting team members. 4 Peron Team Registration is \$75.00 and includes Bowling shoe rental, bowling fees, unlimited soda and cheese pizza. For more information about the Bowling Tournament, please click [here](#).

Student Poster Presentation

The student poster presentation is an opportunity for your students to share their work and ideas generated from *research, quality improvement initiatives, community service learning, or case studies* to the attendees of the convention. It is a great way for students to get involved, put their speaking skills to use and share information with the rest of the respiratory care community. All submissions must be original work. Poster Presentations will be Wednesday, July 10, 2019 from 9:00 AM to 10:30 AM.

Proposals due May 31, 2019.

Posters must include the following titles/headers:

- Title/Authors/School
- Introduction
- Objectives
- Materials/Methods
- Results
- Conclusion
- References
- May use pictures, graphs, charts

Poster Size: no larger than 4x5ft.

Prizes will be awarded to the top 3 posters/presentations.

*To submit a Student Abstract Presentation, please fill out the attached form and submit using the instructions on the form or click [here](#).

As of January 1, 2018 for our Student Membership program, the AARC no longer offers free student memberships. However, they have significantly lowered the price of the Student Membership by half, dropping it to \$25 as the new annual rate. Student Membership gives your students access to the following benefits:

- AARConnect
- Student Connection
- Student Learning Modules
- Career News & Career Planning Resources
- Discounts on Select AARC Events
- Free or Discounted Educational Courses
- Automatic TSRC Membership at no cost!

Student Membership also grants your students eligibility to apply for ARCF Scholarships as well as apply to participate in the House of Delegates Mentorship Program.

Membership to the AARC is an asset to your student's professional development into respiratory care. As an AARC member, they will find leadership and volunteer opportunities to help build their resume. We hope you will continue to encourage your students to join the AARC. They are our future and bring amazing insight and enthusiasm to the profession.

For more information about AARC Student Membership, click [here](#).
