

## How to Join a User Community

Are you interested in getting more involved? Do you want to attend monthly training webinars, or even present one? Do you want to be a part of a group community and share ideas, software knowledge, or even tips & tricks? Then join a user community today!

1. Sign into your employee user account via the Sign In link at the top of any page on TUGweb. *Don't have an employee user account? See our [tutorial](#) about how to create one!*
2. Under the Knowledge Exchange tab, click User Communities. There you will see a list of our User Communities. Click any Community to view its individual page.

To join a User Community, click the "Join Group" link at the top of the group page.

- [Construction Accounting](#)
- [Estimating](#)
- [IT](#)
- [Project Management](#)
- [Real Estate](#)
- [Sage 100 Contractor](#)
- [Service Management](#)

3. On each Community page, you will see upcoming events/webinars, the Community Chair, the Board of Directors representative and related group news. To join, click 'Join Group' on the top of the page.

### User Communities:

4. You can also click the name of the Community Chair to pull up a page with their contact information. Feel free to email the Community Chair with any questions about the community, how to join, or when any upcoming webinars will be presented.
