---

POSITION APPLIED FOR: **DIRECTOR**

## WHAT DO YOU VALUE IN BEING A MEMBER OF TUG?

---

With over ten years involvement in TUG, it is by far the user community I value most. Whether users are new or experienced, there's an immediate sense of camaraderie that encourages questions, collaboration, and knowledge sharing based on real world experiences.

## WHAT DO YOU SEE AS THE MOST IMPORTANT GOAL THAT TUG NEEDS TO STRIVE FOR?

---

"Users Helping Users" is TUG's core mission. Our goal is to connect users with information through classes, best practices, and shared knowledge. TUG supports this goal by offering strong collaboration platforms - including communities, annual conferences, monthly webinars and other resources. We can strengthen this mission by engaging more current and prospective members at every level of experience. The more users participate, the more value they gain, which in turn enhances TUG for everyone.

## WHY WOULD YOU BE A GOOD LEADER WITHIN THE TUG ORGANIZATION?

---

Having previously served on the TUG board as a Director and President, I understand the commitment required and the value of dedicated leadership. Strong leaders communicate well, encourage others, listen to new ideas, and collaborate effectively. I feel I can continue to offer these qualities and commitment to give back to this fantastic organization.
