WHAT DO YOU VALUE IN BEING A MEMBER OF TUG?

The things I value most in being a member of TUG are the community and collaboration it fosters. I appreciate being part of a community that shares similar goals and challenges. The TUG Community is filled with collaborators - members who are willing to help each other, answer questions and give guidance from their experience and knowledge. This keeps me growing personally and professionally.

WHAT DO YOU SEE AS THE MOST IMPORTANT GOAL THAT TUG NEEDS TO STRIVE FOR?

TUG's most important goal is to continue supporting its members through education and community. As new companies join, it's essential that they are welcomed into the broader TUG community. That sense of belonging and connection is where our strength comes from—it's what sets us apart and it's where the real magic happens. When members feel supported, included, and empowered to learn from one another, the entire group thrives.

WHY WOULD YOU BE A GOOD LEADER WITHIN THE TUG ORGANIZATION?

I would be a good leader for TUG because I make room for others. I believe everyone has something valuable to contribute and that our different backgrounds bring fresh perspectives to the table. My past leadership experience, combined with my dedication to TUG's core goal of Members helping Members, positions me to support the organization and help strengthen that collaborative culture.

I am so grateful that I found TUG all those years ago! I have learned so much from this incredible group of people. I would be honored to be selected to be on the Board again.
