

## TRS SUCCESSES IN THE 89<sup>TH</sup> LEGISLATIVE SESSION OF 2025

### SB 1084/ HB 2659

**Passed.**

#### Henda's Law Update

Updates Henda's Law to align with federal MQSA requirements by standardizing patient language on dense breast tissue and associated cancer risks.

### SB 1318/ HB 4504

**Passed.**

#### Non-Compete Agreements

Limits physician non-competes by capping buyouts at one year's salary, restricting terms to one year and five miles, and excluding admin roles from "practice of medicine."

## TRS SCORED BIG THIS SESSION!

The TRS promoted positive policy changes and prevented negative outcomes that could have harmed the practice of Radiology.

Visit [txrad.org/legislative](http://txrad.org/legislative) to read about these bills in more detail.

### SB 1328/ HB 4380

**Failed to pass.**

#### MRI Physicist Licensure

Would add "MRI physics" as a distinct specialty under radiological physics and creates a separate license to practice it.

### SB 922/ HB1699

**Passed.**

#### Sensitive Test Results

Allows a 3-day delay in posting sensitive test results to patient portals, giving physicians time to provide context before release.

### HB 3794/SB 1859 AND SB 3055

**Stopped.**

#### Scope of Practice

Sought to expand the scope and autonomy of advanced practice registered nurses (APRNs) in Texas.

### SB 268/HB 861

**Vetoed by the Governor.**

### HB 139

**Stopped.**

#### Healthcare Complaints & Insurance

SB 268 limits disciplinary action of the Texas Medical Board. HB139 bypasses many of the health insurance protections already in statute.

## KEEP THE MOMENTUM GOING!

Be a part of the successful legislative work that the TRS & TRS PAC are doing on your behalf.
