

HOSPITALITY

Employs 3.2m people across the UK - double that of financial services

Spends £10bn on capital investment each year in local communities

Creates £130bn in economic activity - more than automotive, pharma & aeronautics combined

Pays £39bn in taxation, funding local & national public services

TO DELIVER GROWTH AND JOBS, THE UK MUST

Boost hospitality careers via upskilling, apprenticeship levy reform and T-levels

Adopt a migration policy that satisfies sector needs without extra costs

Reform business rates to save high streets

Cut employer NICs to help hospitality deliver higher wages
