

Intro Email: Member Introducing Contact to USA 500 Clubs

Hi Joe,

I'd like to introduce you to someone I think you should meet.

A little about the prospect being introduced.

{Prospect Name},

I'd like to introduce you to **Joe Chatham**, Founder of **USA 500 Clubs**.

Rather than trying to explain everything myself, I thought it would be better to introduce you directly to Joe. He has spent nearly 15 years building one of the country's premier professional relationship organizations, focused on connecting accomplished professionals who believe that trusted relationships create exceptional opportunities.

A few things that distinguish USA 500:

- Nearly **900 members** across **33 clubs**.
- Approximately **65% of the membership consists of practicing attorneys and CPAs**, with the balance comprising carefully selected senior executives and trusted advisors in complementary professions.
- More than **80% of members are partners, shareholders, owners, executives, directors, or other senior professionals**.
- Voted **Best Networking Organization** by the readers of Massachusetts Lawyers Weekly for eight out of eight years.
- Built on long-term relationships, trusted referrals, and professional collaboration, rather than traditional lead exchanges.
- Intentionally selective, with an emphasis on preserving the quality, professionalism, and integrity of the membership.

I know there are countless networking organizations out there, but USA 500 has always struck me as different. The caliber of the membership, the relationships that are built, and the organization's commitment to quality are what have made it so valuable to me.

Joe, I'll let you take it from here.

{Prospect Name}, if you have a chance to connect with Joe, I think you'll enjoy the conversation. Whether or not USA 500 ultimately proves to be the right fit, I believe you'll appreciate learning more about the organization and Joe's approach to building a community of professionals who genuinely enjoy helping one another succeed.

Best,
Your name
