## IMPORTANT INFORMATION

**New VALERI Environment** –Black Knight Financial Services (BKFS) currently collects all servicing data for VA. After March 2019, when VA transitions to a new VALERI environment, BKFS will no longer collect this data on behalf of VA. As part of that transition, VA needs to ensure that all servicers can continue to meet our reporting requirements by establishing the necessary connections to the new VALERI environment. VA's transition plan encompasses all of the various ways that servicers report information to VALERI, including the following categories;

1. Servicers that use a licensed servicing system, such as MSP or FiServe that automatically reports data to VALERI;
2. Servicers that use a proprietary, or home grown, servicing system that automatically reports data to VALERI;
3. Servicers that log into the VALERI Servicer Web Portal (SWP) to manually upload data to VALERI;
4. Servicers that log into the VALERI SWP to manually enter data into VALERI.

Only servicers in category #2 need to contact VA at this time. Please provide us with the name of your organization and a point of contact with which we can discuss a transition plan. This information must be sent no later than June 21, 2018 to guarantee your ability to report data to VALERI is uninterrupted during the transition. You may direct any questions or concerns regarding the changes to Terry Cere ([Therese.Cere@va.gov](mailto:Therese.Cere@va.gov)) or Colin Deaso ([Colin.Deaso@va.gov](mailto:Colin.Deaso@va.gov)). If you have technical questions regarding testing, please contact: John Elliott ([John.Elliott@va.gov](mailto:John.Elliott@va.gov)), VA Office of Information & Technology.

**Redemption Quotes and Inquiries** – All questions and inquiries related to redemption procedures are to be directed to [vrn-redemption@vrnco.com](mailto:vrn-redemption@vrnco.com).
