SECTION I – Introduction and Authority

Introduction

The purpose of the Policies and Operational Procedures Manual is to detail the specific operating policies for the United States Lifesaving Association. It is intended to act as an adjunct to the Bylaws of the USLA. The manual contains a number of differing types of policies which may be generally defined in the Bylaws. In addition there will be procedures for the conduct of business by the USLA.

The manual contains four main types of Policies and Procedures. First is a policy or procedure authorized by Bylaw, or which takes its' root from a Bylaw or an interpretation of a Bylaw; next, policies and procedures created by a Board of Directors' Resolution or Minute Action; and finally, normal business practices of non-profit organizations which may mandate policies or procedures.

In the original manual an effort was made to research all relevant policies and procedures created since 1979. This was accomplished through a thorough review of the Bylaws and Minutes of the organization since 1979. It was inevitable that some oversights might occur, hence a review and amendment process was again undertaken to correct errors and bring all the materials in the manual into proper alignment with the Bylaws and to delete items made redundant through recent changes in the Bylaws.

An attempt should be made to maintain an updated manual through semi-annual review of the minutes to insure that are policies create in that manner and are properly recorder here for future reference.

SUBJECT: TRADEMARKS OF THE UNITED STATES LIFESAVING ASSOCIATION

USLA owns a number of trademarks, all of which are registered with or pending before the United States Patent and Trademark Office. Under trademark law, USLA has an obligation to police the use of its trademarks. This ensures that USLA's trademarks will not lose value from, for example, use of the trademarks that confuse or mislead the public.

A. The Following are USLA's Registered and Protected Trademarks:

1. The logo of the United States Lifesaving Association is the following:

The logo is the registered Trademark of the USLA. It consists of two crossed oars interwoven through a roped lifesaving ring with the words "United States Lifesaving Association" printed on the face of the ring. The USLA logo and all its' variations for National, Regional, Chapter and Junior Lifeguards is a registered Trademark and is protected by the United States Government and the International Trademark Registry.

USLA has a strict policy regarding proper use of its trademarks and expects users of its trademarks to fully adhere to this policy. Use of USLA's trademarks without prior written consent of USLA's Board of Directors is prohibited except as otherwise permitted by this policy. Furthermore, use of USLA's trademarks or other marks that are confusingly similar to USLA's trademarks constitutes trademark infringement and unfair competition in violation of state and federal law.

B. Use of USLA's Trademarks by USLA Regions and Local Chapters

Regions and local chapters may use USLA's trademarks without prior written approval on clothing, letterhead, and/or items used to raise funds in support of the nonprofit activities of the region or local chapter, provided that all aspects of this policy, including the rules set forth below, are followed. Use by a region or local chapter of USLA's trademarks in a manner inconsistent with the following rules may result in termination of the right to use USLA's trademarks and/or possible legal action. By using USLA's trademarks, the region or local chapter agrees to the following:

1. Any use of USLA's trademarks shall only be for a purpose consistent with USLA's purpose and principles.
2. USLA and USLA's trademarks must only be shown in the best light and in a way that reflects positively on USLA.
3. USLA is the sole owner of the trademarks.
4. No region or local chapter shall register any USLA trademark or any variation or alteration of the trademark.
5. When using the trademark(s), the appropriate trademark symbol must be used (TM or ®) and the trademark must be properly spelled. In addition, no variations or alterations of any USLA trademark may be made for any purpose. This includes any words in trademark registration no. 1574443, such as "United States Lifesaving Association".
6. When using the trademark(s), the USLA region or local chapter must take reasonable efforts to ensure that any such use of the USLA trademark(s) is easily identifiable as a product of that region or chapter. For example, for any clothing, letterhead, and/or items used for fundraisers, the specific name of the region or chapter shall appear below the USLA trademark(s).
7. USLA's trademarks shall not be used in a disparaging fashion.
8. USLA's trademarks shall not be used for profit.
9. USLA's trademarks may not be used to suggest USLA's endorsement or sponsorship of anything unless the region or local chapter has obtained prior written permission from USLA's Board of Directors.
10. USLA's trademarks or any variation or alteration thereof may not be used as a domain name.
11. No region or local chapter may authorize any third party to use any of USLA's trademarks without obtaining prior written permission from USLA's Board of Directors as set forth below.
12. Any region or local chapter that is or becomes aware of any unauthorized use of any of USLA's trademarks by any third party, must take reasonable steps to notify USLA's Board of Directors of such unauthorized use.

C. Use of USLA's Trademarks by "USLA Certified Agencies"

Lifeguard agencies that are currently certified as meeting the recommended standards or advanced recommended standards of the USLA may, without prior written approval, use USLA trademark registration no. 1574443 (hereinafter "reg. no. 1574443") with the word "Certified" in plain block letters beneath the logo. Use by a USLA Certified Agency of reg. no. 1574443 must be in a manner consistent with the rules set forth below. Failure to use reg. no. 1574443 consistently with these rules may result in immediate termination of the right to use reg. no. 1574443 and/or possible legal action.

D. Rules for Use by "USLA Certified Agencies"

1. Any use by a USLA Certified Agency is limited to Official Material issued by that

agency and may not be used by agency sponsors or the like. Official Material shall constitute letterhead/stationary, the agency's website, rescue boats, rescue vehicles, and lifeguard towers.

2. If a USLA Certified Agency wishes to use reg. no. 1574443 on any material other than those items defined under "Official Material", that Certified Agency must first obtain prior written approval from USLA's Board of Directors.
3. The logo or name of the USLA Certified Agency must be used on any Official Material using the USLA trademark and must be greater in size than the USLA trademark.
4. Any use of reg. no. 1574443 shall only be for a purpose consistent with USLA's purpose and principles.
5. USLA and reg. no. 1574443 must only be shown in the best light and in a way that reflects positively on USLA.
6. USLA is the sole owner of reg. no. 1574443.
7. No USLA Certified Agency shall register any USLA trademark or any variation or alteration of its trademarks, including, but not limited to, reg. no. 1574443.
8. When using reg. no. 1574443, the trademark symbol ® must be used and the trademark must be properly spelled. In addition, no variations or alterations of this trademark may be made for any purpose. This includes any words in the trademark, such as "United States Lifesaving Association".
9. Reg. no. 1574443 shall not be used in a disparaging fashion.
10. Reg. no. 1574443 or any variation or alteration thereof may not be used as a domain name.
11. No USLA Certified Agency may authorize any third party to use any of USLA's trademarks, including, but not limited to, reg. no. 1574443, without obtaining prior written permission from USLA's Board of Directors as set forth below.
12. Any USLA Certified Agency that uses reg. no. 1574443 under this section and becomes aware of any unauthorized use of any of USLA's trademarks by any third party, must take reasonable steps to notify USLA's Board of Directors of such unauthorized use.
13. An agency that uses reg. no. 1574443 in accordance with this policy agrees without exception to immediately remove all USLA's trademarks and other logos upon suspension, termination, or expiration of certification by USLA.

E. Use of USLA's Trademarks by Third Parties

A third party must first obtain written approval from USLA's Board of Directors before using any of USLA's trademarks. There are no exceptions. When the Board of Directors receives a request to use a USLA trademark, the Board considers a variety of factors in determining whether to grant that request. These factors include, but are not limited to:

1. How the trademark will be used and whether that use is consistent with USLA's standards.
2. The appropriateness and quality of the products the trademark will be associated with.
3. USLA's relationship with the requesting party.
4. The requesting party's history of complying with intellectual property rights.

Should the Board of Directors grant a request to use a trademark, the requesting party may be required to execute a licensing or royalty agreement. The Board of Director's authorization of use of its trademarks by a third party may be incorporated as part of broader agreement. A third party which receives written permission to use any of USLA's trademarks is required to use the trademark in a manner consistent with the rules set forth below.

Moreover, the scope of such use shall be limited by the written approval of USLA's Board of

Directors. Failure to use USLA's trademarks consistently with these rules may result in immediate termination of the right to use USLA's trademarks and/or possible legal action.

F. Rules for Use by Third Parties

1. Any use of USLA's trademarks shall only be for a purpose consistent with USLA's purpose and principles.
2. Any use of USLA's trademarks shall be expressly defined and limited by the specific covenants and restrictions set forth in the agreement between USLA and the third party.
3. USLA and USLA's trademarks must only be shown in the best light and in a way that reflects positively on USLA.
4. USLA is the sole owner of the trademarks.
5. No third party shall register any USLA trademark or any variation or alteration of the trademark.
6. When using the trademark(s), the appropriate trademark symbol must be used (TM or ®) and the trademark must be properly spelled. In addition, no variations or alterations of any USLA trademark may be made for any purpose. This includes any words in trademark registration no. 1574443, such as "United States Lifesaving Association".
7. USLA's trademarks shall not be used in a disparaging fashion.
USLA's trademarks or any variation or alteration thereof may not be used as a domain.

SUBJECT: HEROIC ACTS CRITERIA AND APPROVAL PROCEDURE

A. PURPOSE

The USLA is comprised of dedicated men and women in the open water lifeguard profession who wish to present awards in recognition of heroic acts performed within the scope of the United States.

Incredible feats of shoreline heroism have been performed. Men and women in the lifeguard profession are not always present to perform these acts, but in many cases the saving of life can be attributed to a stranger passing by a distress scene.

The USLA's primary purpose for creating this award system is to give due recognition to an individual performing a heroic act, who voluntarily risks their life to an extraordinary degree in saving, or attempting to save, another person, or sacrificed themselves for the benefit of others.

B. SCOPE OF RECOGNITION FOR HEROIC ACTS

USLA recognition is restricted to acts which show conclusive evidence that the person performing the act voluntarily risked their own life to an extraordinary degree in saving, or attempting to save, the life of another person, or voluntarily sacrificing themselves in a heroic manner for the benefit of others. It is restricted to acts in which no primary family relationship exists between the rescuer and the rescued party(s).

Heroic acts must be reported within one year of the date they occurred. Usually, only those acts performed in areas within the scope of the USLA's activities will be considered for awards.

C. PROCEDURE FOR RECOGNITION

Any member may initiate a request for heroic acts recognition, as long as that person initiating the request is not a direct family relation to the person that performed the act.

To bring an act to the attention of the Heroic Acts Committee, a written account of the incident accompanied by supporting material such as newspaper clipping, or witness statements should accompany the required Heroic Acts Application form and be forwarded to the appropriate Region's Heroic Act Chairperson for review. If approved at the Regional Heroic Acts Committee level, the application shall be signed by the Heroic Acts Chair or the Regional President before submission to the USLA Heroic Acts Committee.

Once the application is submitted, the Heroic Acts Committee Chair brings the matter to the next regular meeting of the Board of Directors. At that meeting a special meeting of the Committee is held to review the application to insure it's properly depicted in one of the categories defined in Section D.

SUBJECT: USLA SOCIAL MEDIA GUIDELINES

The United States Lifesaving Association is America's nonprofit professional association of beach lifeguards and open water rescuers. The USLA works to reduce the incidence of death and injury in the aquatic environment through public education, national lifeguard standards, training programs, promotion of high levels of lifeguard readiness, and other means. The USLA recognizes the use of social media as a means to further the mission of USLA in an open and extensively public forum. Because this is a public forum, the use of social media should promote positive, educational and inspirational stories regarding beach safety and the lifesavers who work to protect the public.

Posts that invariably embarrass or shine a negative light on USLA members should be distributed in nonpublic venues so that members may learn and be made aware of the stories, but airing those stories on public social media posts do nothing to further the mission of USLA nor promote the earned confidence of the public in the highly trained and functioning lifesavers of USLA Certified Agencies.

Thus the following guidelines should be followed by the USLA President and his/her designee in formulating USLA Social Media posts:

A. The President shall designate a limited number of representatives to make or forward posts on behalf of the USLA.

B. All social media posts shall be supervised by the USLA President or representatives appointed by the President.

C. Any posts created by or forwarded by the President of USLA or designated representatives should serve to highlight the following:

1. Positive work by members
2. Stories of interest in water safety
3. Promotion of USLA sponsored or supported events
4. Stories that serve to educate the public regarding beach safety

D. The USLA shall not post or forward stories, items that:

1. Reflect negatively upon individual members or agencies
2. Interject or promote stories based on employee versus employer contractual issues
3. Have content are mostly political in nature
4. Have legal ramifications

E. The USLA reserves the right to remove or delete posts made on USLA social media sites.

F. Members that believe a post violates the guidelines set forth should contact their regional leadership or the USLA Social Media representative to register his/her complaint. The President or social media designees will determine if the post should be removed.

G. USLA National event hosts shall include a member of the Technology Committee as a moderator of any subsequent social media created in representation of that event.
