

Ophthalmology in View: Vision, Innovation, Enterprising, & Worldwide Impact

Virginia Beach Sheraton Oceanfront
3501 Atlantic Avenue, Virginia Beach, VA

Educational Goal:

Our educational goal is to *identify & explore the latest developments* in the prevention, diagnosis, management and treatment of ophthalmic conditions. After participating in this meeting, attendees should be armed with some best practices that can be readily implemented in their current practices. They should also gain an awareness of how future trends and developments will shape their future patient care and practice management endeavors.

After participating in our annual scientific meeting, participants will be better able to:

- Identify latest developments in prevention, diagnosis, management & treatment of ophthalmic conditions.
- Evaluate best practices in diagnosis & management of ophthalmic conditions that can quickly be implemented in ophthalmologist's practice immediately after participation in meeting, & in more distant future.
- Relate complications of ophthalmic disease & surgery.
- Utilize principles of management of ophthalmic complications.
- Analyze advances in ophthalmic medical research & determine implications for physicians & patients.
- Outline advances in the specialty areas of retina, cornea, cataracts, & neuro-ophthalmology
- Assess the impact, need, and opportunities for global delivery of ophthalmologic care
- Determine the impact of social media on your ophthalmology practice.
- Apply best practices in practice management.

Thursday, June 7, 2018

1 – 5:00pm	Exhibitor Setup	Virginia Beach Sheraton Oceanfront
4 – 9:00pm	VSEPS Board Meeting, Function	Princess Ann Country Club 3800 Pacific Ave, Virginia Beach, VA

Friday, June 8, 2018
