

SIG Value Management DACE

The Netherlands

Timme Hendriksen

SIG VM PACE

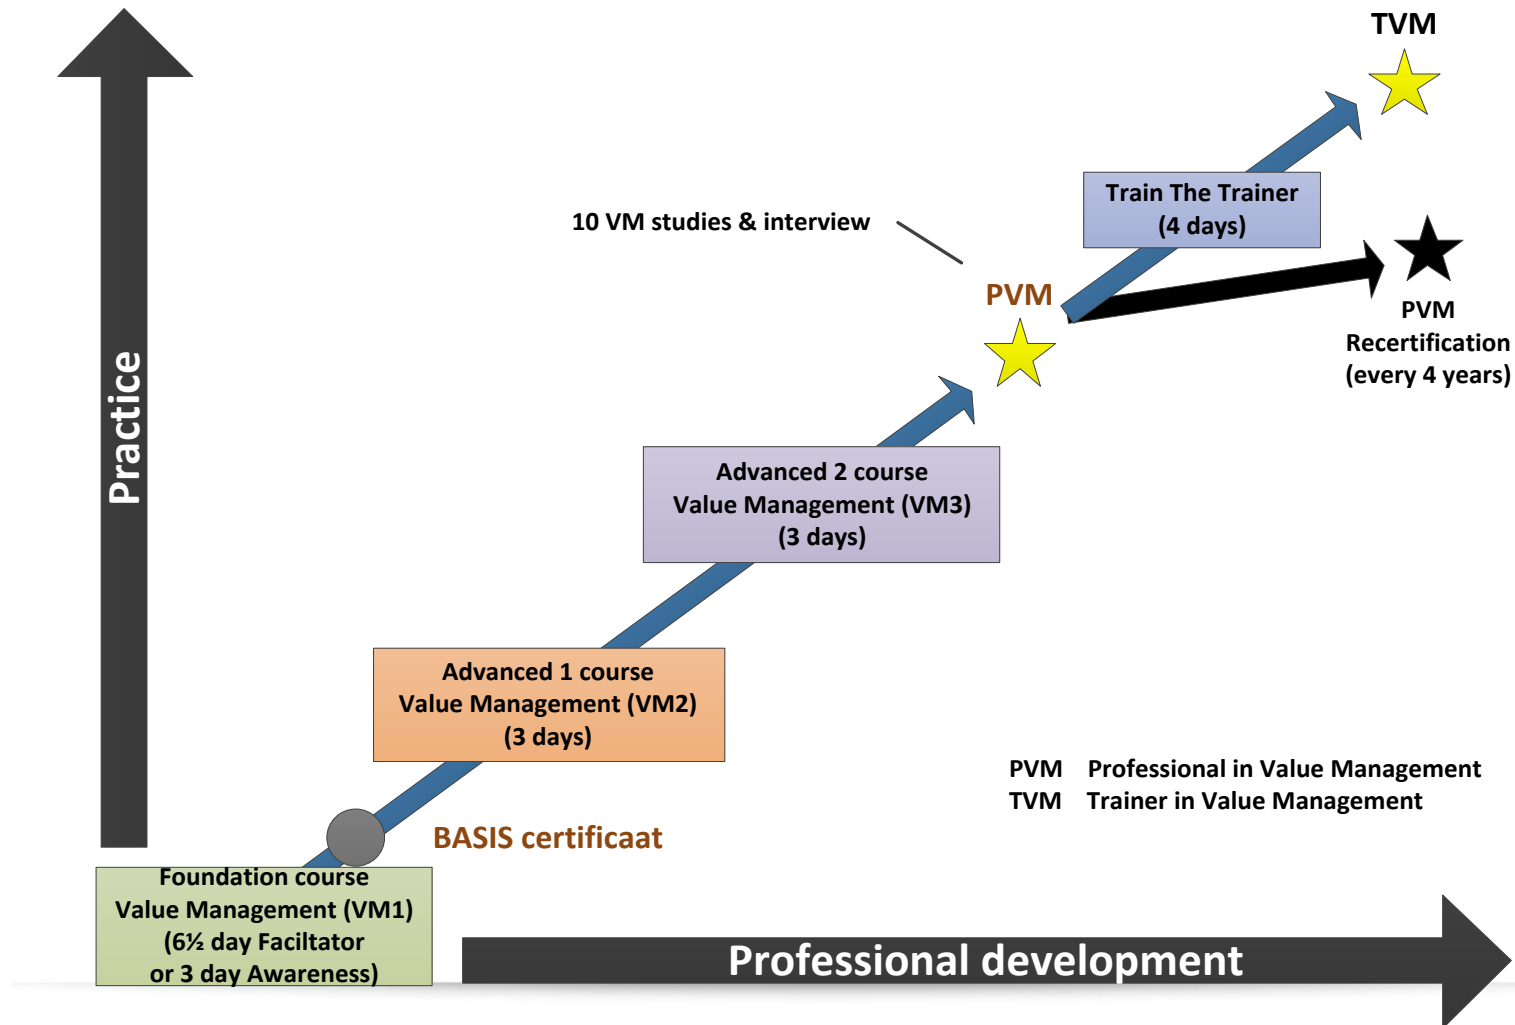

Promote & Advocate

- Besides infrastructure, focus on manufacturing and process industry
- Lots of presentations/workshops at organizations (e.g. Fokker Technologies)
- View on Value

Certify & Educate

- Certification board NCRVM (based on EGB Value for Europe)
- 2 TVM (2 in training)
- 10 PVM (of which 6 recertified in 2016)
- 182 Basic certificats (of which 22 in 2016)

Professional growth path to PVM

Major events

April 2018

Combined conference Asset management & VM

2022

World Congress ICEC 2022, VM will be part of this conference

Challenges

- Community is growing, but little spin-off in active participation
- VM is mainly applied to infrastructure projects (Ministry of Infrastructure and Environment).
Introduction in other fields
- Biggest task of the SIG VM DACE is to increase VM awareness in other societies and fields.
(e.g. Assetmanagement Conference in 2018)
