SAVE International President’s Message

Dear Summit Colleagues,

Hello Value Summit Participants, or as they say here in Texas; “Howdy Partners”,

Welcome to Austin and the 2018 Value Summit!

Over 70 years ago, Lawrence D. Miles created at the General Electric Company the Value Methodology. He showed the world a way of improving performance and cost across the globe. Our annual Summit is a chance for us to celebrate our accomplishments, learn from each other, and reenergize ourselves to continue this legacy.

My hope is that each of you will use these few days to find new ways to promote, advocate, certify, and educate (PACE) yourselves so that you can in turn PACE other leaders in industry and government in the benefits and applications of this methodology; and how to drive innovation daily.

These few days together offer you opportunities to learn about the Value Methodology; expand your skills in this practice that is all about function-inspired change; meet new people, reconnect with old friends, and forge relationships for the future. First timers or seasoned attendees both can benefit from the wide variety of outstanding presentations and seminars designed to inspire you to take ideas back to your own organizations to create or grow a value program. It is our hope that you find many ideas and interesting topics throughout the event.

The SAVE Board of Directors is delighted to welcome to the Summit leadership from each of our Affiliate Societies - Japan, South Korea, Taiwan, India, Hungary, and China, and many participants from around the world. These dedicated professionals have travelled long distances to participate and convey how the Value Methodology inspires leadership internationally.

Along with the Summit, I hope each of you will enjoy Austin; a wonderful city that the US News and World Report ranked as the best place to live in the United States.

Welcome to the capital of Texas and happy conferencing to all of you!

Sincerely yours,

Kathy F. Bethany
President
Keynote Speaker

Stephen P. Mulva, Ph.D.

Director, Construction Industry Institute
The University of Texas at Austin

Monday, June 11
8:00 AM – 9:45 AM
Capitol Ballroom D-E

Dr. Stephen Mulva directs CII, a research and development component of the University of Texas at Austin. His current research projects are focused on the performance assessment and productivity of capital projects in the pharmaceutical, biotechnology, healthcare, transportation, power generation/transmission, metals/mining, and oil and gas industries. In addition to his research responsibilities at CII, Stephen teaches graduate courses in Construction Engineering and Project Management at the University of Texas. Before coming to CII in 2007, Stephen was an Assistant Professor of Construction Management at Texas State University. He has also worked in industry at Fluor, Bechtel, and Phillips Petroleum and as a project management consultant for Austin, Texas-based ePM. Stephen holds a Ph.D. in Civil Engineering (Construction Engineering and Management) from the Georgia Institute of Technology (2004) and two degrees from the University of Texas at Austin: a M.S. in Civil Engineering (1996) and a B.S. in Architectural Engineering (1995).
Keynote Speaker

Meagan Johnson

Partner, Johnson Training Group
Professional Speaker/Author

Tuesday, June 12
8:00 AM – 9:45 AM
Capitol Ballroom D-E

Meagan is known as a “Generational Humorist” and has an outspoken, take-no-prisoners Gen X attitude and challenges her audiences to think differently and act decisively when dealing with multiple generations.

Meagan graduated from Arizona State University Business School with a BS in Marketing. After working several years in a sales environment Meagan became discouraged to hear all the negative comments about Generation X. (Generation X is the 50 million people born between 1965 and 1980.) As a Gen Xer herself, she felt these comments were of course unfounded. She was further frustrated by the blinders her own managers seemed to have.

Meagan began to research everything from small to large corporations in order to find successful ways to work with the younger generation. From that ZAP THE GAP Solving the Multi-Generational Puzzle was born.

Since 1997 Meagan Johnson has entertained and educated thousands of audience members. She has written a variety of articles about the multiple generations and has been interviewed for many publications and audio programs. She has been quoted in The Chicago Tribune, CNNMoney.com, US News & World Report and many other publications. She wrote the Generational chapter in the book Success is a Team Effort. Meagan and her Baby Boomer father, Larry Johnson are the authors of Generations, Inc - From Boomers to Linksters, Managing the Friction Between Generations at Work.

Events Spotlight

Sunday, June 10, 4:00 PM – 5:00 PM
New Member and First Time Attendee Orientation (Creekside 1)
If this is your first SAVE Value Summit, please join us on Sunday for an informal orientation. We will have a variety of people available to assist you in deciding which tracks to attend, and help answer any questions you may have about the conference and our societies.

Sunday, June 10, 5:00 PM – 6:00 PM
Annual Business Meeting (Capitol Ballroom E)
SAVE International® will hold its Annual Business Meeting. All Summit attendees are invited to attend. All office Chapter Delegates are asked to register as you enter the meeting room. SAVE Bylaws require a quorum of chapter delegates present, so it is especially important for all chapters to have representation at this meeting. If you are from an area that does not have an active chapter, or if you know you are the only person from your chapter attending this year’s conference, please attend this meeting as your chapter’s representative so that we can achieve the quorum.

Sunday, June 10, 6:00 PM – 8:00 PM
Presidents’ Reception (The backYARD)
Join us at The backYard, behind the Sheraton Austin’s restaurant, The Yard at Waller Creek, for the 2018 Presidents’ Reception. The evening will feature drinks and light appetizers while you meet and network with Summit attendees. Connect with your peers and enjoy the evening as the president welcomes you to the 2018 Value Summit. Admission to the President’s Reception is included with your full Summit registration. Dress is casual.

Monday, June 11, 6:30 AM – 8:00 AM
SAVE College of Fellows Breakfast (Creekside 1)
Moderator: Stephen Kirk, Dean
The Fellows meet annually to identify and prioritize projects in support of SAVE International. Attendees will be encouraged to discuss ways to further the outreach of the community and the possible new project to create an historical database of presentations from 57 years of Value Summits.

Monday, June 11, 1:00 PM – 3:00 PM
Certification Forum (Capitol View Terrace North)
Moderator: Bob Rude, Certification Board Chair
The Certification Board continues to actively work on many initiatives to enhance the performance and competency of the certified practitioner community. Certification Board members will present the current status and schedule of future changes and outline those changes being implemented as of September 1, 2018.
Monday, June 11, 3:30 PM – 5:30 PM
**International Affiliates Forum** (Capitol View Terrace North)
**Moderator:** Drew Algase, Vice President-Global Affairs
This forum is an opportunity for SAVE’s Affiliates, cooperating societies, and international chapters to share their Value Methodology experiences. Emphasis is on the PACE initiative of Promoting, Advocating, Certifying, and Educating the value methodology worldwide. Each society will give a brief summary of its accomplishments in the past year and opportunities for 2019 and beyond. Sharing of best practices, trends for improving value, and collaboration opportunities will be the expected outcomes of this forum. All Summit attendees are invited to see how VM is used globally.

Monday, June 11, 3:30 PM – 5:30 PM
**Lawrence D. Miles Value Foundation Forum on FAST, Allocating Resources** (Capitol View Terrace South)
**Moderator:** Robert Stewart, Chairman
An overview of SAVE’s new Value Methodology Fundamentals courses (I and II) will be presented so both students and trainers may understand the development of these new competency-based approaches. The Miles Value Foundation also focuses on the art of facilitating this year. This skill is both invaluable in the successful outcomes of a value study and a core competency that is now an educational requirement in SAVE’s updated certification process.

Monday, June 11, 5:30 PM – 6:30 PM
**SAVE Chapter Presidents’ Meeting** (Capitol Ballroom H)
Meet with SAVE’s President, Vice President of Membership, Dr. Jacqueline Fahmy, and SAVE’s staff to discuss SAVE International’s chapter initiatives, as we brainstorm ideas to strengthen our chapters’ abilities to meet the wants and needs of our members. Bring your ideas to share! If your chapter president is unable to attend, feel free to send a representative from your chapter to participate.

Tuesday, June 12, 6:30 PM – 9:30 PM
**Awards Banquet** (Capitol Ballroom Foyer / Capitol Ballroom D-E)
Cocktails and Dinner
SAVE International® honors the best and the brightest examples of Value Engineering in a variety of categories ranging from practice to outreach. The Awards Banquet will begin at 6:30 with cocktails then the banquet with full dinner will commence at 7:30 PM. This is a black tie optional event. Admission to the banquet is included with a Full Summit Registration.
Saturday, June 9

8:00 AM – 12:00 PM  **Half Day Pre-Summit Workshop:**
*Agile* (John Sloggy)
*Location: Capitol View Terrace South*

Value Management has been associated with solving problems and creative solutions since its inception in the ‘60s. And VM is back as a creative problem-solving tool, taking a page from the Agile playbook to utilize the VM Methodology as a leaner creative approach to problem solving that is sized for today’s organizational structures. A major component driving VM success from the onset is the strength of the collaborative approach inherent in the multidisciplinary team model. Repeatable creative results require a structured approach which, when done successfully, can infuse projects with high quality innovative solutions that provide real value to the stakeholders.

So, how do we accelerate the turn-around time required to solve problems and ensure that the solution is both high quality and addresses the often-varied needs of stakeholders? What is needed is a process that allows individuals and organizations to engage intelligently with a fast-paced and uncertain work world; allowing groups to come together quickly to accomplish the required tasks; and then, as in the Agile methodology, move on. The new group replacing the traditional team is the Agile Value Management team (AVM).

8:00 AM – 5:00 PM  **SAVE Board of Directors Meeting**
*Location: Creekside 1*

8:00 AM – 5:00 PM  **Full Day Pre-Summit Workshops**

*Customer Function Model & Strategic Decisions*  
(Muthiah Kasi & Stephen Kirk)
*Location: Capital View Terrace North*

The first portion of this workshop will enhance the Value Methodology by adding a new type of function analysis called customer function model. It will offer unique opportunities within the Value Methodology to understand customer functions and communicate them in a Customer Function Model. The latter portion of this workshop (after the Customer Function Model) will enhance FAST model by including customer perspective. It will demonstrate the importance function placement within a FAST diagram and its cause and effect.
Saturday, June 9 (Continued)

8:00 AM – 5:00 PM  **Full Day Pre-Summit Workshops (Continued)**

*Facilitating the Value Methodology Job Plan* (Bruce Lenzer)
*Location: Tannehill*

Facilitation skills have become more imperative over the years to effectively guide teams through the VM job plan. In fact, it’s the skill set which has helped increase the output of teams to brainstorm and develop even greater opportunities for value improvement. In the Quality Assurance world, it’s known as “High Performance Work Teams.” For any “High Performance Work Team” to function effectively, the team needs a leader trained in facilitation skills. The same applies to a Value Methodology VA/VE team. This one-day workshop will help the Value Practitioner understand the set of applied facilitation skills and techniques that will best help their VM teams to achieve outstanding success. Facilitation is also one of the core competencies for SAVE International® Certified Value Specialist (CVS) certification. For this workshop, two GOAL/QPC memory joggers will be provided: the new 2nd edition “Value Methodology Memory Jogger®, in the 3.5”X5.5” pocket guide size and the “Facilitation at a Glance.” Attendees will also receive a workbook and a set of Mr. Sketch non-toxic flip chart pens.

1:00 PM – 5:00 PM  **Half Day Pre-Summit Workshop:**

*Creativity* (John Sloggy)
*Location: Capitol View Terrace South*

Creativity. It’s how most organizations make money and sustain their existence. Everyone talks about it and admires it when we see it. Most of what we consider creative falls in the category of a one-time even with many organizations unable to reliably replicate the feat, although certain organizations seem to know the secret sauce to make it happen repeatedly.

Innovation happens when disparate thoughts are combined in new ways that solve real problems. Innovation is reinvention and rethinking applied to the problem at hand that results in a new solution or at the least a real improvement in function that provides a tangible benefit.

Not every problem we encounter requires a new creative approach, most don’t. Working the margins, with small incremental change is often the best solution, and can be an effective approach. So, how much effort to apply when searching for a solution? How do you know what you don’t know? How can we reliably generate real creative ideas that result in innovation?

In this workshop we discuss different aspects of creativity and how the Value Methodology can be a highly effective tool to generate real innovation.
Sunday, June 10

8:00 AM – 12:00 PM  **Half Day Pre-Summit Workshop:**

**Stretching the Value Methodology** (Jessica Hickey & Randy Barber)

*Location: Capitol View Terrace North*

Based on a recent case study revealing the advantages of thinking “outside the conventional” with VM, this workshop will deliver the practical, useful information you came to the Value Summit to learn. Instead of being based on some idealized, hypothetical scenario, you’ll examine step-by-step how VM was utilized effectively in an actual case study with a high-profile corporate client delivering a strategic service.

You’ll learn:

- New ways to apply and market VM in unusual or unconventional circumstances.
- How to best educate and enlighten potential clients on the benefits of VM, even if they’ve never heard of it.
- The best way to present VM-related information to those unfamiliar with VM or how a study works.

This is a group discussion-based, interactive workshop, so bring your questions and eagerness to learn. You won’t be disappointed.

8:00 AM – 5:00 PM  **SAVE Certification Board Meeting**

*Location: Capitol Ballroom F*

8:00 AM – 5:00 PM  **Full Day Pre-Summit Workshop:**

**Risk Management for Value Practitioners** (Greg Brink)

*Location: Capitol View Terrace South*

In a world of uncertainties, effective means and measures to identify, evaluate, respond and manage risks helps value practitioners provide an additional basis of delivering value. Risk Management is a value enhancing technique that can be conducted as both standalone workshops or as an integrated component of value studies. This workshop covers developing an effective risk management framework, qualitatively/quantitatively analyzing risk, observing economic uncertainties, developing a Risk Management Plan, and implementing active risk monitoring and control measures. This single day, 8-hour workshop addresses the latest methods, tools and techniques that assists VM facilitators effectively identify, analyze and manage risk.
Sunday, June 10 (Continued)

9:00 AM – 5:00 PM  Miles Value Foundation Board of Directors Meeting  
Location: Capitol Ballroom H

4:00 PM – 5:00 PM  New Member and First Time Attendee Reception  
Location: Creekside 1

5:00 PM – 6:00 PM  SAVE Annual Business Meeting  
Location: Capitol Ballroom E

6:30 PM – 8:00 PM  PRESIDENT’S RECEPTION  
Location: The backYARD

Monday, June 11

6:30 AM – 8:00 AM  SAVE College of Fellows Breakfast  
Location: Creekside 1

7:00 AM – 8:00 AM  Continental Breakfast  
Location: Capitol Ballroom D-E

8:00 AM – 9:45 AM  OPENING PLENARY / KEYNOTE SPEAKER  
(Stephen P. Mulva, Ph.D., Director Construction Industry Institute at The University of Texas at Austin)  
Location: Capitol Ballroom D-E

8:00 AM – 10:00 AM  Executive Roundtable  
Location: Capitol Ballroom F

9:45 AM – 10:00 AM  Break

10:00 AM – 12:00 PM  CONCURRENT SESSIONS

1A: TRANSPORTATION  
Location: Capitol View Terrace North

10:00 AM  Traditional Design & Value Engineering: Adversaries or Partners?  
(Warren Knoles, PE, VMA)

10:40 AM  Expanding the Use of the Value Methodology in Early Transit Project Development (Ann Jamison, AICP, CVS)

11:20 AM  Concept of Value on Design-Build Projects (Rahul Nagalkar, CVS)
Monday, June 11 (Continued)

10:00 AM – 12:00 PM  CONCURRENT SESSIONS  (Continued)

1B: VALUE PLANNING
Location: Capitol View Terrace South
10:00 AM  VE in Combination with Mediation as Super Tool for Multiparty Plan Making  
(Dorine Cleton)
10:40 AM  Going Deeper in Value Creation - Sabine Neches Waterway Dredging  
(Robert Orlean)
11:20 AM  Locking in Value: An Early Value Study Combined with Economic Reevaluation of the Redundant Poe Size Lock Project  
(Amy Jo Riffée, PE, CVS)

1C: PROGRAMS
Location: Capitol Ballroom A-C
10:00 AM  Implementing Value Management at the City of Calgary  
(Mushtaq Rabbi, RPP MCIP CVS®)
10:40 AM  How to Build and Sustain an Internal Value Methodology Program for Business Growth (James D. Bolton, PE, CVS®-Life, PVM, FSAVE, FINVEST)
11:20 AM  Value Management: A Roadmap to Profitability (John Sloggy)

12:00 PM – 1:00 PM  Lunch and University Challenge Presentation  
Location: Capitol Ballroom D-E

1:00 PM – 3:00 PM  CONCURRENT SESSIONS

2A: CERTIFICATION FORUM
Location: Capitol View Terrace North

2B: UNIQUE THINKING
Location: Capitol View Terrace South
1:00 PM  Study of VE/VM Method Suitable for Social Growth Period – Introduction of the Third-Function Named “Fubeneki” (Manabu Sawaguchi, PhD, CVS)
1:40 PM  The Power of Framing, Ambiguity, and Function Analysis in Problem Solving (Robert B. Stewart, CVS-LIFE, FSAVE, PMP, PMI-RMP)
2:20 PM  FAST diagram for Customers Based Process – Simultaneous Analytical Methodology for Customers’ Emotion (Sayaka Uchimura)

2C: TRAINING
Location: Capitol Ballroom A-C
1:00 PM  Creating Value Through Projects: An Effective Approach to Value Management Education in an Online Setting (John Kelly)
1:40 PM  An Effective Educational System for Facilitators in VA/VE/FA Workshops (Hisaya Yokota, CVS, PE Jp, CMC)
2:20 PM  Study of Efficient Team Activities by Facilitator Participation in VE Project (Atsunori Someya)
Monday, June 11 (Continued)

3:00 PM – 3:30 PM   Networking Break
      Location: Capitol Ballroom Foyer

3:30 PM – 5:30 PM   CONCURRENT SESSIONS

3A: INTERNATIONAL FORUM
      Location: Capitol View Terrace North
      All international Summit participants are encouraged to participate.
      A cocktail reception will follow the Forum.

3B: MVF FORUM - FAST, ALLOCATING RESOURCES FORUM
      Location: Capitol View Terrace South
      The Miles Value Foundation Forum this year will consist of participant focused hands on
      exercise on “allocating resources (cost, time, space) to functions.” It will follow the SAVE
      methodology in the SAVE Function Analysis Guide. Participants will be able to select the
      subject of their choice (product or construction project). The forum will also show a new video
      on the benefits of using VM. The new edition of the Value Methodology Guide will also be presented.

3C: GOVERNMENT FORUM
      Location: Capitol Ballroom A-C
      All government professionals from across the globe are encouraged to participate.

5:30 PM – 6:30 PM   SAVE Chapter Presidents Meeting
      Location: Capitol Ballroom H

5:30 PM – 6:30 PM   Free Networking Evening
      (Dinner on your own)

Tuesday, June 12

8:00 AM – 9:45 AM   Continental Breakfast
      Location: Capitol Ballroom D-E

8:00 AM – 9:45 AM   KEYNOTE SPEAKER
      (Meagan Johnson, Partner, Johnson Training Group)
      Location: Capitol Ballroom D-E
Tuesday, June 12 (Continued)

9:00 AM - 9:45 AM  Wheel of Function

Location: Capitol Ballroom D-E

Wheel of Function – America’s favorite new game show has come to SAVE!

Four contestants will battle against each other to win BIG prizes, don’t miss this exciting, fun and entertaining event.

9:45 AM - 10:00 AM  Break

10:00 AM - 12:00 PM  CONCURRENT SESSIONS

4A: MANUFACTURING CASE STUDIES

Location: Capitol View Terrace North

10:00 AM  Value Analysis of The Technology of Furniture Production
(Habil. Ferenc Nádasdi, CVSLIFE, PhD, FSAVE)

10:30 AM  “Only Hinges for Lids” – Success Story of a VA/VE Project
(Marc Pauwels, PhD, PVM, TVM, CVS and René Brune)

11:00 AM  Value Enhancement of Differential Assembly (Uttam Bane)

11:30 AM  Value Improvement Approach to Manufacturing of Industrial Flat Meshes
(VE Case Study) (Istvan Tarjani)

4B: SKILLS

Location: Capitol View Terrace South

10:00 AM  You’re a CVS, Now what? Building Blocks for a CVS Career – Lessons Learned as a CVS (Laurie Dennis, CVS-LIFE, FSAVE, PE)

10:40 AM  Words to the Wise: How to be a Successful Technical Team Member
(Michael Bonar, PE, CVS)

11:20 AM  Benefits of a Site Visit: Construction Project Value Studies
(Kristi Evans, PE, AVS)

4C: INNOVATION

Location: Capitol Ballroom A-C

10:00 AM  Value and Innovation Management at an Air Transport Consulting Company (Zsuzsanna Szeles)

10:40 AM  Value Engineering for Kids (Carlene Y. Wong, PE, AVS)

12:00 PM - 1:00 PM  Lunch

Location: Capitol Ballroom D-E
Tuesday, June 12 (Continued)

12:00 PM – 6:00 PM  Post-Summit Courses

**Value Methodology Fundamentals 1 (VMF 1)**
(Patrice Miller & Javier Masini)
*Location: Bickler*

This course is designed for individuals involved in manufacturing or construction. You will learn an extremely valuable process to help you make improvements, seek out innovation and opportunities for products, projects, programs and processes (the 4 Ps), and even the way you and your organization does business. Course material will be supplemented with techniques, team exercises and case studies tailored to the particular student audience. This course is the first step toward the certification process. Once you complete this course and pass the VMA exam, you will obtain your first level of certification.

12:00 PM – 6:00 PM  Post-Summit Courses

**Value Methodology Fundamentals 2 (VMF 2)**
(Robert Stewart)
*Location: Bonnell*

1:00 PM – 3:00 PM  CONCURRENT SESSIONS

**5A: MANUFACTURING**
*Location: Capitol View Terrace North*

- 1:00 PM  Value Analysis and Value Engineering in Plant Engineering – Easy going or too hard to handle? (Sebastian Meindl, PVM, TVM)
- 1:30 PM  Application of Value Analysis to Increase Customer Satisfaction in Product Development: A Case Study on Tree Climbing Devices (Celestine Aguwa, VMA)
- 2:00 PM  Business Process Improvement by Implementation of an Information Technology Solution to Replace a Manual VA/VE Project Execution System (Shekhar Deokar)
- 2:30 PM  50 Years of Construction VE Methodology at Fujita (Setsuo Matsuda, CVS)

**5B: AGILE**
*Location: Capitol View Terrace South*

- 1:00 PM  An Agile VM Approach to Match Changing Program & Project Delivery Methods - Scoping VM Study Activities for Different Circumstances (Martyn R. Phillips, CVS®(L), FSAVE, FICE, FCIWEM, FHKIVM, P.ENG, PVM)
- 1:30 PM  Agile Teams and Value Management (John Sloggy)
Tuesday, June 12 (Continued)

1:00 PM – 3:00 PM CONCURRENT SESSIONS (Continued)

5C: IMPROVEMENTS
Location: Capitol Ballroom A-C
1:00 PM A Proposal and Verification of Antithetical Analogical Approach to Creativity Method with the Use of TRIZ (Masao Oda, CVS)
1:40 PM IMPROVEMENT of the Evaluation Method for VE Alternatives Using the Risk Assessment Process (ChangTaek Hyun)

3:00 PM – 3:30 PM Networking Break
Location: Capitol Ballroom Foyer

3:30 PM – 5:30 PM CONCURRENT SESSIONS

6A: EMERGING
Location: Capitol View Terrace North
3:30 PM Methodology of Diversity Strategy and Management Through Function Analysis (Noriko Murakami)
4:10 PM Application of VM to Improve Service in a University Cafeteria by Adding Value to Its Serving Cardboard Box (Oscar Sanchez Barba)

6B: NEW THINKING
Location: Capitol View Terrace South
3:30 PM Value Analysis for a Business Review Sprint (Michael Pearsall, CVS, FEC)
4:10 PM Access Differences of Diagnostic Services Between Small Hospitals and the Super Hospital (Kornelia Vamosi)
4:50 PM Panel

6C: SPECIAL VIDEO PRESENTATION
Location: Capitol Ballroom A-C
3:30 PM The Rocky Mountain Chapter presents their new video featuring Charles W. Bytheway.

Showtimes will be at 3:30, 4:10, and 4:50.

There will be a brief discussion led by chapter members following each showing.

6:30 PM – 9:30 PM AWARDS BANQUET
Location: Capitol Ballroom Foyer / Capitol Ballroom D-E
Cocktails and Dinner
SAVE International® honors the best and the brightest examples of Value Engineering in a variety of categories ranging from practice to outreach. The Awards Banquet will begin at 6:30 with cocktails then the banquet with full

HOW TO OBTAIN YOUR PROFESSIONAL DEVELOPMENT HOURS (PDH’S)
1. Go to the website link: https://www.expobadge.com/certification/save2018
2. Enter your registration badge ID (the small ID number below the barcode on your badge) or the email address you used to register for the 2018 Value Summit.
3. Click “Print” or “Email Certificate.” Clicking email will send a copy of the certificate to the email address on file.

Clicking print will bring up a preview, where you can click print. You can also download from here.
Since 2009, SVS has

- Reviewed over $75 billion in capital projects
- Generated over $11.3 billion in savings
- Provided a return on investment of 200 to 1
