

SERVING THE UNRESPONSIVE DYING!

MAY 24, 2018 | 12:00 TO 4:00 PM

to be held at Bliley's Funeral Home, 3801 Augusta Ave, Richmond, VA 23230

Sponsored by [Virginia Association for Hospice & Palliative Care](#)

Join us for a Round-Table discussion and educational opportunity with Malynda Cress, hospice volunteer for over 10 years, Reiki Master and Companion/Docent for the dying.

We will address three areas about the Unresponsive Dying:

1. The Environment of the Dying Patient
2. Physical Care at Time of Death
3. Providing a Mindful Presence for the dying

Malynda Cress received her Psychology degree from UNC at Chapel Hill and is an Educator and Speaker. Currently she works with hospice teams by illuminating the Unresponsive Phase of the Dying Process. Through her own Near Death Experience (NDE) and through her work with the dying having Shared Death Experiences (SDE), she brings us much-needed information from the dying to be incorporated into the work of End-of-Life Practitioners. Through a heightened awareness and changes in care we can make a difference for the dying.

The more we know about something, the less there is to fear. It is my desire, my hope, my dream to shine the light of awareness, of knowing on the Dying Process. It is not limited to how it appears physically...it is so much more!

Malynda Cress

Register Early to assure your place at this event. Join us for a one hour presentation followed by discussions about policy, practice and care plans for supporting the unresponsive dying.

Registration is \$25 per person and lunch is included
