

VMA Scholarship Program

Call for 2026 Applicants | Deadline to Apply is March 31, 2026

The **VMA "William Sandler" Scholarship** Program was established to assist the children of VMA and VRC members both with the high cost of college and vocational schools as well as to encourage young people to pursue studies in the manufacturing and engineering fields.

Please note that this opportunity is only available to VMA/VRC member company employees dependents.

Engineering Award

Scholarships of \$2,000 are available to candidates entering a college or university in an engineering discipline, consistent with the needs of the valve manufacturing industry.

Vocational Award

Scholarships of \$1,000 are available to a candidates entering into a technical or vocational school in manufacturing or other discipline such as welding, which would support a career in the valve manufacturing industry.

Learn more about scholarship eligibility requirements by visiting www.vma.org/sandlerscholar.

Contact Andie Kline at akline@vma.org with questions.

Save the Date: 2027 Application Deadline will be March 31, 2027.
