

Dear WA 2018 Annual Meeting Attendees,

I really enjoyed my time with you all at your event in Clearwater. Here is a link to a [special page](#) on my website that has all the information I promised and links to the articles I mentioned.

Please invest the few minutes it will take to review this information so we maximize the impact of our time together. **Complete your compelling vision for the year and assemble your game plan.** I give you a format to easily follow. Complete it and get it laminated for your shower! Test it for a year and see if it yields the results I know it will.

Your competition is not standing still. Going to this [special page](#) will make a measurable difference for you!

What was your decision? Why was that a must for you to take ownership of now?

Live it! Remember a streak starts with ONE!

Remember to document your success with before/during and after pictures/videos, written and video testimonials!

I would like to stay in touch with you during the year to continue to add value. **When you add yourself to my list you get the free 7 video series as a bonus!**

How did it feel to put the [Get Switched On Energy Schedule](#) on the mirror in your bathroom? Track your aerobic exercise the next 6 months and just see what happens! Here is the [Get Switched On smoothie recipe](#) and [video](#) there too.

Please do not keep me a secret to other organizations. Much of my business comes from Raving Fans like you who refer me to their friends.

If you are on **Twitter** please follow me - [@chipe](#) and also please tweet something positive about seeing me at the event! I would really appreciate it.

Please subscribe to my YouTube channel [here](#). I have over 40 great videos for you under the **Chip's Tips Playlist**.

Keep me posted on your success. Share your story with me!
