

Pre-Conference Wednesday, May 3

Session Descriptions

8:30 AM - 11:30 AM | Lunch included

CliftonStrengths: Ignite the Fire of Your Team's Talents

This engaging and highly thought provoking CliftonStrengths workshop will help each participant discover their natural strengths and talents. While learning ways to leverage team strengths to build more team trust, boost collaboration, and increase work satisfaction.

Excel Basic for School Business Officials

Join your peers in an interactive classroom on utilizing excel. This is a peer-taught excel class focusing on important spreadsheet functions to make out daily workload easier. The class will include utilizing V-lookups, Pivot Tables, SUMIF/SUMIFS, COUNTIF/COUNTIFS, and cell formatting. Bring your laptops and experience the learning! Practice files and shortcut sheets will be sent via email prior to the session.

Advanced Salary Projections using Excel

Need help estimating salaries for multiple union groups? A team of SBO's have collaborated to bring you a tool to project salary for future years. Use this tool to project an individual's salary over a multi-year contract settlement. Utilizing data from your HR system this session will take raw data and link all pertinent benefit data as well as salary to a large spreadsheet.
