

WASBO welcomes Lindsey to our team as Professional Learning Coordinator. She holds a Bachelor of Science Degree in physiology with a minor in athletic training. Fresh out of college, she began her career in personal training and physical therapy. This is where she quickly realized her deep passion for helping people. During her five years in the health care industry, she continually found herself drawn to the business side of operations. With a desire to move forward in her career, she transitioned to the mortgage industry where she gained additional professional experience while attaining her Washington Mortgage Loan Originator License. Joining the team at WASBO allows Lindsey to combine her interest in business with her passion for helping people. She is excited to be involved in Washington schools and to support WASBO members as they strive to meet their career goals.

Lindsey enjoys spending time with family and friends, traveling, playing soccer, and most importantly hanging out with her German Shepherd, Hugo. On any given summer weekend, you will find her on the lake; boating, wakeboarding and lounging with her husband, friends and Hugo!
