

2020 WELD National Special Webinar Programs April/May 2020

**Join WELD to advance your career, build your connections
and blaze a trail for women coming behind you.**

WELD knows that these are difficult times for everyone and are unlike anything that we have ever experienced. The upheaval, concern for wellness and loved ones and economic insecurity that many are facing may be creating significantly higher levels of stress and anxiety. None of us can control many of the circumstances that we now face. We can, however, find ways to manage through it. Please join us for the webinars below that will provide tips that are immediately actionable and will help individuals cope with all that they are trying to juggle.
