Healthy Habits During Changing Times

As we continue to navigate the current situation with COVID-19, and the uncertainty of the future, WELD is committed to offering webinars that provide actionable tips to help our community cope with all that is thrown our way.

Do you feel stressed? Are you having difficulty creating balance? Do you struggle with knowing what to do for your self care?

WELD invites you to join **Dr. Casen DeMaria from The Drugless Doctors** for this interactive and fun webinar on how you can create your own healthy habits with your family!

Registration closes at midnight on September 15, 2020! Late fees apply after registration closes. Please contact Mindy Koenig – mkoenig@weldoh.org for questions.

About Our Speaker...

Dr. Casen DeMaria

Dr. Casen DeMaria gets to live out her dream job everyday as a chiropractor. As a registered massage therapist, Dr. Casen knew she wanted to continue to add value to the individuals she was helping each day, and enrolled at Life University where she received her Doctor of Chiropractic. Since joining The Drugless Doctors, Dr. Casen actively pursues new ways to reach and educate the community about the benefits of chiropractic, drugless care, and breast thermography, which includes successful partnerships with local businesses and women's organizations. The insights she continues to learn have been subjects of her peer-reviewed journals,

When she is not helping people you can find her spending time with Dr. Anthony adventuring to new places and bike riding.
