What is my new password?

Your initial password has been sent to the email address the WBA has on record. If you have any questions, please contact the WBA at 316/263-2251.

You can easily reset your password by clicking on the "Forgot your password?" link beneath the SIGN IN box. This will automatically generate an email that will be sent to the email address the WBA has on record and is listed within your profile. The email will contain directions on how to reset your password.

NOTE: If you have not forgotten your password and just want to simply change it, you may do so by signing in to the WBA website and selecting Manage Profile within the MY PROFILE box. Under Information & Settings, select "Edit Bio" to change your password or any other profile fields. Please note passwords are encrypted and the WBA office will not have access to member password information.
