August 2012 eNews

Dear Friend:

The 3rd World Parkinson Congress is just 14 months away and we hope you plan to be there! This ground breaking Congress, first launched in 2006 by the World Parkinson Coalition, is the only global meeting of its kind in the Parkinson's field that includes all stakeholders in the Parkinson's community in all aspects of the meeting. This high-level, scientific and educational program will take place from October 1 - 4, 2013 in Montréal, Canada.

The WPC is one of the hottest meetings to attend in 2013 to learn about Parkinson's and for networking across the broadest possible Parkinson's community. It will bring together the brightest researchers and clinicians, rehabilitation specialists, nurses and leading advocates who live with Parkinson's, leading pharmaceutical companies, nonprofit organizations and others.

We hope you will join us for this exciting and inspirational meeting and that you will tell others in the Parkinson's community about the WPC 2013 as well.

Key dates for your calendar are:

Nov 5, 2012: [Video Competition Opens](#)
Dec 3, 2012: [Abstract Submission Site Opens](#)
Jan 2, 2013: [Registration Opens](#)
Jan 2, 2013: [Travel Grant Application Opens](#)

If you joined us in 2006 or 2010, we hope to see you again in 2013. If the WPC 2013 will be your first experience at a Parkinson's conference of this magnitude, we look forward to welcoming you and sharing with you the outstanding experience and memories that the unique triennial WPCs can offer.

See you in Montréal!

A **NEW** logo for WPC Inc.

The World Parkinson Coalition Inc, the nonprofit organization that designs and runs the triennial World Parkinson Congresses has a new logo. You will start seeing this logo on our materials and website moving forward. While we have always focused just on the Congress branding, we decided it was time for the organization to have it's own look!
