World
Parkinson
Coalition

*Bringing the Parkinson's
Community Together*

With the holiday season quickly approaching, we wanted to reach out to our WPC friends to send our best wishes for a safe, joyous and warm holiday season.

For those of you who missed the recent **WPC Scientific Update: Parkinson Pipeline Umbrella** webcast program, please note that the sessions were all archived and are available for viewing 7 days a week, 24 hours a day. [Click here to watch all six of the archived webcast sessions.](#)

For those of you who prefer DVDs over streaming from a computer, watch our website and social media pages for how to order a free DVD of the talks to use in support group meetings.

Click the image below to watch a clip from Session I of Dr. Jeffrey Kordower as he talks about alpha synuclein in the gut

We want to hear from you!

The WPC 2016 Program Committee is hard at work designing the program for the 4th World Parkinson Congress in September 2016. We invite you to give us your thoughts on topics & speakers you would like to hear speak at the Congress. We also welcome your ideas on what the overarching theme of the WPC 2016 should be. We look forward to hearing from you!

Share your thoughts!

The WPC is able to raise Parkinson's awareness and educate the international community about the latest scientific advances because of the tremendous generosity of our supporters. We accept donations on our website and all donations we receive go directly to bringing in exciting presenters, designing a robust program for the upcoming Congress and help cover travel grants for post docs, students and people with Parkinson's who need support to attend the WPC 2016. A new way you can support the WPC is by shopping at AmazonSmile and selecting the World Parkinson Coalition Inc. as your "charity of choice." Just in time for holiday shopping!

WPC Partner Organizations

The WPC is partnered with almost 170 Parkinson's organizations from 45 different countries. These nonprofit organizations and societies help us make each World Parkinson Congress successful. Our partners also help to build a better connected community that can ultimately make a bigger impact on the global Parkinson's movement. Email info@worldpdcoalition.org for information.
