

ONSTREAM GROUP chooses SONEMA to connect its offices in Gabon

Monaco 30th June 2016

The group ONSTREAM, based in the Netherlands, entrusted Sonema with the task of improving and developing the international telecommunications services of the associated company Petrogas Worldwide in Gabon.

Sonema has deployed a new dedicated satellite connection. In cooperation with its local partner based in Gabon, the company Easy Wave, Sonema migrated the existing VSAT station and offered a scalable solution for the entire network. Carried out at a first-class level, this operation allowed for performance and stability improvements of the network while having minimum impact on the activity of the ONSTREAM team.

ONSTREAM also required heightened visibility on its network activity. From now on, it can rely on SKYVIEW, an application developed by Sonema, allowing for real-time supervision of the client's telecom network.

This new connection makes it possible to offer better internet connectivity and performing business applications to the 40 associates of the ONSTREAM group based in Port Gentil.

For Gilles DATRIER, Managing Director of Sonema : *« This project demonstrates Sonema's ability to respond to international projects. The quality of service and the expertise of our teams are key factors which convinced ONSTREAM GROUP to trust us with this project. We are delighted by this new partnership and are hoping to soon support ONSTREAM GROUP with new developments ».*

ABOUT SONEMA

In a digital environment which is continuously evolving, data control and exploitation are and will remain an integral part of competitiveness and distinctiveness of companies. It has become essential to set up a strategy to secure flows and protect data. By creating upgradeable, custom-made telecommunications solutions, Sonema supports its customers in their projects every day. With commitment in mind, and with a strong understanding of what is at stake, we want to be a proactive partner for our customers by allowing them to concentrate on the heart of their profession and on their business innovation.

Faithful to our values of respect, transparency and responsibility, we place trust at the heart of the relation with our customers.

Sonema, also means:

- 65 colleagues who are committed to our customers, every day
- 600 customer installation in 50 countries
- 50 certified partners all over the African continent
- Sonema is founding member of the CEMA (Club of Monegasque Entrepreneurs in Africa)
