OT 2.03 Examinations, panel review of applications. (1) Applicants for licensure as an occupational therapist or occupational therapy assistant shall pass the certification examination for occupational therapist or the certification examination for occupational therapy assistant of the national board for certification in occupational therapy, and shall complete an open book examination on statutes and rules governing the practice of occupational therapy in Wisconsin.

(2) An applicant may be required to complete an oral examination if the applicant meets any of the following criteria:

Failure of an applicant to appear for examinations as scheduled will void that applicant's application and require the applicant to reapply for licensure, unless prior scheduling arrangements have been made with the board by the applicant.

(7) If after receipt of additional information from applicants who have been treated for alcohol or drug abuse or impairment or from applicants who have been treated for an acute or chronic psychological impairment the board decides that an oral examination shall be administered, the examination shall be limited to a determination whether at the time of application the applicant's disability appears to pose an actual risk to the health, safety or welfare of client or public arising from the applicant's demonstrated inability to safely carry out necessary duties and responsibilities inherent to the practice of occupational therapy.
