

# WSPA Immunization Training

**Webinar: September 23, 2020 | 11:30 a.m. – 12:00 p.m.**

This activity is designed specifically to train pharmacists, pharmacy technicians and pharmacy students to participate in an Immunization training for adults and adolescents while meeting the social distancing recommendations for the COVID-19 Outbreak. The content derived from the CDC program "Epidemiology & Prevention of Vaccine-Preventable Diseases" are adapted to Washington State specific pharmacy law and practice. By completing this course, pharmacists can earn 17.5 hours of continuing education credit while becoming certified to administer adult and adolescent vaccines. Technicians will earn 7 hours of continuing education credit.

## **Part 1 – Practicum Training: For Pharmacist and Technicians**

### **Vaccinating Adults & Adolescents: Immunization Practice Session**

**Faculty:** Jenny Arnold, Pharm.D., BCPS, Director of Pharmacy Practice Development, Washington State Pharmacy Association  
ACPE UAN: 0130-0000-19-063-L01-P&T | 3.5 hours home study | Initial release date 03/08/2019 | Expiration date 03/08/2022 |  
Activity Type: Application

The practicum covers how to establish an immunization program in your pharmacy, collaborative drug therapy agreements, protocols, documentation forms, updated guidelines, vaccine storage and handling, workflow tips, and administration. Participants give and receive injections and prepare for adverse events.

### **This Special Offering Practicum Session has 3 parts and must be completed in this order:**

- Part 1: Watch the video, take a quiz and pass with a minimum of 70%. **This must be completed before the webinar**
- Part 2: Attend the webinar- this will be Q&A from the video that you watched and some case studies.
- Part 3: Submit a practice injection attestation form. This can be signed off by another pharmacist. If you don't have any one to sign off on this, we will schedule a time with WSPA staff. **This must be completed within 30 days of the webinar**

This part is a combination of on demand and live. Participants will view the video on-line and take an exam at the end. A minimum score of 70% correct responses must be received in order to receive credit. Participants must attend the webinar and submit an evaluation. WSPA will upload 3.5 CPE hours to the CPE Monitor within 5-6 weeks from the date of the activity.

At the completion of this activity, the pharmacist will be able to:

- Establish a vaccination service
- Manage vaccine adverse reactions
- Discuss the importance of Health care provider vaccinations
- Identify tools, guidelines and laws for vaccination
- Make a strong recommendation for immunizations based on ACIP guidelines
- Demonstrate proper injection technique and procedures

At the completion of this activity, the technician will be able to:

- Establish a vaccination service
- Identify vaccine adverse readings
- Discuss the importance of Health care provider vaccinations
- Identify tool, guidelines and laws for vaccination
- Identify indications for immunizations based on ACIP guidelines
- Demonstrate proper injection technique and procedures

## **Part 2 – Didactic Training: For Technicians: This should be completed before Part 2- the practicum training**

### **Vaccine Principles for Pharmacy Technicians**

**Faculty:** Dale Babcock, BS, Technical Information Specialist, CDC/NCIRD, Jennifer Hamborsky, MPH, MCHES, Health Education Specialist, CDC/NCIRD, M. Suzanne Johnson-DeLeon MPH, Health Education and Information Specialist, CDC/NCIRD, Tina S. Objio, MSN, MHA, RN, Nurse Educator, CDC/NCIRD, Raymond Strikas, MD, MPH, Medical Officer, CDC/NCIRD, JoEllen Wolicki, BSN, RN, Nurse Educator, CDC/NCIRD, Gene Eaddy, BS, Web Developer, CDC/NCIRD  
ACPE UAN: 0130-0000-19-210-H01-T | 3.5 hours home study | Initial release date 8/7/2019 | Expiration date 8/7/2022 |  
Activity Type: Knowledge

Participants will complete 3 trainings on-line; Understanding the Basics: General Best Practice Guidelines on Immunization, Vaccine Administration and Vaccine Storage and Handling. They will take an exam at the end of each training and must have a minimum score of 70% correct responses in order to receive credit. Technicians will receive credit for a total of 3.5 CPE after successfully completing this part. The CE will upload to the CPE Monitor within 2-4 days after successfully completing this activity.

At the completion of this activity, the technician will be able to:

- Describe the principles of immunity
- Discuss appropriate vaccine storage and handling
- Describe the principles of vaccine administration

## **Part 2 – Didactic Training For Pharmacist: This does NOT need to be completed before Part 2- the practicum training**

### **Epidemiology and Prevention of Vaccine-Preventable Diseases**

**Faculty:** Tina Objio, RN, MSN, MHA, CDR, U.S. Public Health Service, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD), Andrew Kroger, MD, MPH, Medical Officer, CDC/NCIRD, Raymond Strikas, MD, MPH, Medical Officer, CDC/NCIRD, Mark S Freedman, DVM, MPH, Veterinary Medical Officer, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD), JoEllen Wolicki, BSN, RN Nurse Educator, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD)  
ACPE UAN: 0130-0000-19-064-H01-P | 14 hours home study | Initial release date 03/08/2019 | Expiration date 03/08/2022 |  
Activity Type: Knowledge

Participants will watch 14 videos; CDC Epidemiology and Prevention of Vaccine-Preventable Diseases Didactic and Pink Book. The Pink Book contains updated, comprehensive information on each vaccine-preventable disease, as well as the latest information on principles of vaccination, general recommendations on immunization, immunization strategies for healthcare practices and providers and vaccine safety.

Participants will view the videos on-line and take an exam at the end. A minimum score of 70% correct responses must be received in order to receive credit. Pharmacists will receive credit for a total of 14 hours CPE after successfully completing this part. The CE will upload to the CPE Monitor within 2-4 days after successfully completing this activity.

At the completion of this activity, the participant will be able to:

- Describe the principles of immunity
- Describe the burden of disease and morbidity of vaccine preventable diseases
- Discuss indications, side effects and benefits of each adult and adolescent vaccines
- Identify populations at highest risk for each vaccine-preventable disease

## **Part 3 – CPR (No CE, external- on your own)**

In order to receive an immunization certificate, you must have a current adult CPR card. CPR training is not included in this training. If your CPR card is not up-to-date, please complete CPR training and provide proof of CPR certification to the WSPA.

### **WSPA Immunization Certificate of Completion:**

In order to receive your certificate of completion for the Immunization training program, **you must successfully complete all three parts of the immunization training within one year of the practicum date.** The steps do not need to be completed in succession. A Certificate of Completion will be available for print upon successful completion of the training in its entirety.

The Washington State Pharmacy Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

## REGISTRATION

- Registration must be made through the WSPA. **Limited Offer Registration Deadline is September 21, 2020.** Add \$50 if postmarked after the deadline or registering at the door.
- A \$30 processing fee will be deducted from refund requests received before the day of the course. No refunds will be issued if received on or after the day of the course.
- Your confirmation will be the home study information being sent via e-mailed. If you have questions you may call 425-228-7171 ext: 0.
- The registration fee includes the link for the practicum resources, CDC Epidemiology and Prevention of Vaccine-Preventable Diseases Didactic, 17.5 hours of CPE for pharmacist and 7 hours of CPE for technicians and a formal certificate of completion. Registration fee does not include CPR. Registration is taken on a first-come basis.

Please fax or mail completed form with your charge card information or enclosed check, payable to WSPA.

■ Fax: 425.277.3897 ■ Phone: 425.228.7171 ■ Mail: 411 Williams Ave S, Renton, WA 98057

Once the registration form has been received the home study information will be sent via email.

### REGISTRATION FOR IMMUNIZATION PROGRAM

(Includes both practicum and didactic portion)

**Thursday September 23, 2020 | 11:30 a.m. – 12:00 p.m.**

#### WSPA Member Rate

\_\_\_\_\_ Pharmacist: \$275  
\_\_\_\_\_ Pharmacy Technician: \$175  
\_\_\_\_\_ Student Resident: \$135  
\_\_\_\_\_ \*Student: \$50

#### Non-Member Rate

\_\_\_\_\_ Pharmacist: \$375  
\_\_\_\_\_ Pharmacy Technician: \$275  
\_\_\_\_\_ Student Resident: \$185  
\_\_\_\_\_ \*Student: \$75

\_\_\_\_\_ **Regular Fee (after September 21st): \$50**

\*Student discounted price does not include ACPE CPE credit hours
