

VACCINATING ADULTS AND ADOLESCENTS: AN IMMUNIZATION PROGRAM PRACTICUM SESSION

Wednesday February 6, 2019 | 12:30 p.m. - 3:30 p.m.

Location: WSPA Conference Room | 411 Williams Ave S. | Renton, WA 98057

This program is designed specifically to train pharmacists and pharmacy students to participate in an Immunization program for adults and adolescents. The content derived from the CDC program "Epidemiology & Prevention of Vaccine-Preventable Diseases" are adapted to Washington State specific pharmacy law and practice. By completing this course, pharmacists can earn 17 hours of continuing education credit while becoming certified to administer adult and adolescent vaccines.

PART 1 - DIDACTIC TRAINING

WSPA Immunization Homestudy: CDC Epidemiology and Prevention of Vaccine-Preventable Diseases

Faculty: Donna Weaver, RN, MN, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD), Andrew Kroger, MD, MPH, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD), JoEllen Wolicki, BSN, RN, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD), Raymond Strikas, MD, MPH, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD), Candice Robinson, MD, MPH, Communications and Education Branch (CEB), Immunization Services Division (ISD), National Center for Immunization and Respiratory Diseases (NCIRD)
ACPE UAN: 0130-0000-17-019-H01-P | 14 hours home study | Initial release date 2/15/2017 | Expiration date 2/15/2020 | Activity Type: Knowledge

Participants will receive the link to the CDC Epidemiology and Prevention of Vaccine-Preventable Diseases Didactic and Pink Book. The Pink Book contains updated, comprehensive information on each vaccine-preventable disease, as well as the latest information on principles of vaccination, general recommendations on immunization, immunization strategies for healthcare practices and providers and vaccine safety.

At the completion of this program, the participant will be able to:

- Describe the difference between active and passive immunity.
- Discuss characteristics of live attenuated and inactivated vaccines.
- Describe each vaccine-preventable disease, including the causative agent for the disease.
- List the groups at highest risk for each vaccine-preventable disease.
- Identify those for whom routine immunization is recommended for each vaccine-preventable disease.
- Describe characteristics of the vaccine used to prevent each disease. (Characteristics may include schedule, contraindications and/or adverse reactions).

Participants will view the videos on-line and take an exam at the end. A minimum score of 70% correct responses must be received in order to receive credit. Pharmacists will receive credit for a total of 14 hours CPE after successfully completing this part. The Washington State Pharmacy Association will upload the CE to the CPE Monitor within 2-4 days after successfully completing this activity.

PART 2 – PRACTICUM TRAINING

Vaccinating Adults & Adolescents: An Immunization Program Practicum Session

Faculty: Jenny Arnold, Pharm.D., BCPS, Director of Pharmacy Practice Development, Washington State Pharmacy Association
ACPE UAN: 0130-0000-16-012-L01-P | 3 hours live | Initial release date 6/1/2016 | Expiration date 6/1/2019 | Activity Type: Application

The practicum session involves hands-on training about pharmacist provision of immunizations. The practicum covers how to establish an immunization program in your pharmacy, collaborative drug therapy agreements, protocols, documentation forms, updated guidelines, vaccine storage and handling, work flow tips, and reimbursement. Participants give and receive injections and prepare for adverse events.

At the completion of this program, the participant will be able to:

- Review the guidelines for establishing an immunization program
- Review management of adverse reactions
- Discuss the importance of Health care provider vaccinations
- Discuss tools, guidelines and laws for vaccination
- Discuss major indications for adult and adolescent vaccinations
- Describe required documentation requirements
- Demonstrate proper injection technique and procedures

Registrants must attend the activity, sign-in, complete and submit the official evaluation form and login the secret code to the WSPA education portal to receive credit. At the end of the activity you will be provided with a secret code, you will need to follow the Live Event CE Upload Instructions and go on-line to the WSPA Education Portal to submit your secret code. Pharmacists will receive a total of 3 hours CPE for completion of this part.

PART 3 – CPR (No CE, external- on your own)

In order to receive an immunization certificate, you must have a current adult CPR card. CPR training is not included in this program. If your CPR card is not up-to-date, please complete CPR training and provide proof of CPR certification to the WSPA.

Immunization Certificate of Completion:

In order to receive your certificate of completion for the Immunization training program, you must successfully complete all three parts of the immunization program within one year of the practicum date. The steps do not need to be completed in succession. A Certificate of Completion will be mailed by WSPA upon successful completion of the program in its entirety.

The Washington State Pharmacy Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

REGISTRATION

- Registration must be made through the WSPA. **Early Bird Registration Deadline is January 31, 2019.** Add \$50 if postmarked after the deadline or registering at the door.
- A \$30 processing fee will be deducted from refund requests received before the day of the course. No refunds will be issued if received on or after the day of the course.
- Your confirmation will be the home study information being sent via e-mailed. If you have questions you may call 425-228-7171 ext: 0.
- The registration fee includes the link for the practicum resources, CDC Epidemiology and Prevention of Vaccine-Preventable Diseases Didactic, 17 hours of CPE and a formal certificate of completion. Registration fee does not include CPR. Registration is taken on a first-come basis.

Please fax or mail completed form with your charge card information or enclosed check, payable to WSPA.

■ Fax: 425.277.3897 ■ Phone: 425.228.7171 ■ Mail: 411 Williams Ave S, Renton, WA 98057

Once the registration form has been received the home study information will be sent via email.

REGISTRATION FOR IMMUNIZATION PROGRAM

(Includes both practicum and didactic portion)

Wednesday February 6, 2019 | 12:30 p.m. – 3:30 p.m.

WSPA Member Rate

_____ Pharmacist: \$275
_____ Student Resident: \$135
_____ *Student: \$50

Non-Member Rate

_____ Pharmacist: \$375
_____ Pharmacy Student Resident: \$185
_____ *Student: \$75

_____ **Late Fee (after January 31st): \$50**

*Student discounted price does not include ACPE CPE credit hours
