

WSPA

2019 New Drugs New Laws

The WSPA New Drugs, New Laws Seminar has been a perennial favorite for years! Busy pharmacists and technicians appreciate this one-day session with both clinical and regulatory updates for practice, in addition to many opportunities to network and connect with peers.

New Drugs New Laws is evolving this year to continue to meet your needs. The popular New Drugs Session by Dr. Terri Levien will be complimented by the addition of New Guidelines Review by Dr. Levi Lancaster and Dr. Steven Elrod from Providence St. Peter Family Medicine. This new component of NDNL will review changing guidelines and updates annually to keep you on the same page as patients and your peers. Then focus will shift from clinical to regulatory. Dr. Julie Akers will kick off the discussion reviewing new state and federal laws and legislation. This will be followed by a discussion of workplace conditions and safety with Dr. Jennifer Wilson Norton presenting on Workers' Rights and Labor Laws and Dr. Annie Lambert reviewing Employee Health including USP 800 and Handling of Hazardous Drugs. The day will be wrapped up by the Pharmacy Quality Assurance Commission staff discussing the important Washington Pharmacy Rules Rewrite, Pharmacy Inspections and PQAC Investigations.

2019 New Drugs Update | 8:00 am - 10:00 am | 2 hrs general CPE

Faculty: Terri L. Levien, Pharm.D., Clinical Professor, Drug Information Center, Washington State University College of Pharmacy

ACPE#: 0130-0000-19-039-L04-P&T | Activity Type: Knowledge | Disclosure: None | Release Date: 3/10/2019, Expiration Date: 3/10/2022

At the completion of this program, the participant will be able to: For Pharmacists

- Describe indications, pharmacology, adverse effects, and dosing of new drugs and dosage forms recently or soon to be approved by the FDA
- Discuss key counseling and monitoring issues for the new drugs and the role these products may play in the participant's practice
- Compare the new drugs against existing agents
- Identify products approved with REMS, and describe the role of the pharmacist in the strategy

At the completion of this program, the participant will be able to: For Technicians

- Recognize new drugs and dosage forms recently or soon to be approved by the FDA
- Describe indications and dosing of the new products
- Compare the new drugs against existing agents

This session will review recently approved drugs and drugs likely to be approved in the upcoming year compared with those already available. Key points that distinguish these agents on the basis of pharmacology, efficacy, adverse event profiles, drug interactions, and dosing will be emphasized.

Guideline Updates and Review | 10:15 am – 12:15 pm | 2 hrs. disease state CPE

ACPE#: 0130-0000-19-040-L01-P&T | Activity Type: Knowledge | Disclosure: None | Release Date: 3/10/2019, Expiration Date: 3/10/2022

Seattle 3/10/2019: Steven Elrod, Pharm.D., BCACP, Clinical Pharmacist, Providence Medical Group

Spokane 3/31/2019: T. Levi Lancaster, Pharm.D., BCPS, BCACP, Clinical Pharmacist, Providence Medical Group

At the completion of this program, the participant will be able to: For Pharmacists and Technicians

- Identify practice guidelines that have changed in the last year
- Discuss relevant updates and changes to practice guidelines
- Modify their practices based on changes to guidelines

This session will review recent guideline updates as well as key primary literature pertinent to pharmacy practice.

State and Federal Legislative Updates | 1:00 pm - 2:00 pm | 1.0 hr law CPE

Faculty: Julie Akers, Pharm.D., BCACP, Clinical Assistant Professor, Washington State University College of Pharmacy

ACPE#: 0130-0000-19-041-L03-P&T | Activity Type: Knowledge | Disclosure: None | Release Date: 3/10/2019, Expiration Date: 3/10/2022

At the completion of this program, the participant will be able to: For Pharmacists and Technicians

- Describe recent and proposed state legislation that directly affects the delivery of pharmacy services in Washington State
- Describe recent and proposed federal legislation that directly affects the delivery of pharmacy services in Washington State
- Identify stakeholder opportunities to influence current and future legislation

Workplace Conditions and Safety: Workers' Rights, Staffing and Labor Laws and Handling of Hazardous Drugs

Workers' Rights, Staffing and Labor Laws | 2:00 pm - 2:30 pm | .50 hr. law CPE

Faculty: Jennifer Wilson-Norton, R.Ph., MBA, Clinical Associate Professor, University of Washington School of Pharmacy

ACPE#: 0130-0000-19-042-L03-P&T | Activity Type: Knowledge | Disclosure: None | Release Date: 3/10/2019, Expiration Date: 3/10/2022

At the completion of this program, the participant will be able to: For Pharmacists and Technicians

- Identify situations that change a worker's schedule
- Discuss laws that exist related to employees and employers
- Apply employment rules to employment-related issues

Handling of Hazardous Drugs | 2:30 pm - 3:00 pm | .50 hr. Law CPE

Faculty: Annie Lambert, Pharm.D., Pharmacy Manager, MultiCare Health System

ACPE#: 0130-0000-19-043-L03-P&T | Activity Type: Knowledge | Disclosure: Consulting, Speaking & Teaching, Genentech | Release Date: 3/10/2019, Expiration Date: 3/10/2022

At the completion of this program, the participant will be able to: For Pharmacists and Technicians

- Recognize risks of exposure to hazardous drugs in health care settings
- Identify hazardous drugs used in various practice settings
- Discuss what elements to include in an assessment of risk approach to the hazardous drug list
- Recognize appropriate methods of containment and protection against exposure to hazardous drugs

This activity will have a brief overview of risks related to handling hazardous drugs, as well as practical steps to consider when conducting and implementing an assessment of risk for hazardous drugs in pharmacy settings.

Pharmacy Quality Assurance Commission Updates | 3:15 pm - 5:15 pm | 2.0 hrs. law CPE

Faculty: Steven Saxe, RPh., FACHE, Executive Director, Pharmacy Quality Assurance Commission, Washington State Department of Health and Tracy West, J.D., Deputy Director, Pharmacy Quality Assurance Commission, Washington State Department of Health

ACPE#: 0130-0000-19-044-L03-P&T | Activity Type: Knowledge | Disclosure: None |

Release Date: 3/10/2019, Expiration Date: 3/10/2022

At the completion of this program, the participant will be able to: For Pharmacists and Technicians

- Describe how to apply new laws and rules to pharmacy practice
- State how to put patient safety and pharmacy care first while adhering to pharmacy law
- Identify the Commission's agenda for new and updated areas of practice regulation
- Recall the pharmacy practitioners' responsibilities for new and updated regulations
- Participate in the new pharmacy inspection process
- Describe the Pharmacy Commission Rule Re-write project goals, process and how to participate

This activity will discuss application of new laws and regulations. Topics will include new state requirements for licensure, handling of hazardous drugs in all practice settings, practices requiring commission approval, compounding and more. The PQAC Rules re-write will be discussed, as well as how to be involved in the process.

CE Requirement – Secret Codes and Online Evaluation

In order to receive credit, participants must go on-line to submit the secret codes and evaluation for each CE activity attended. At the end of each CE presentation, participants will be provided with the secret code. Participants will document the code on the Activity Description and CE Tracking Form. To receive credit for the activity, participants must follow the *Live Event CE Upload Instructions* provided at the meeting. WSPA staff will be available throughout the meeting to assist with the CE upload. Participants will only have 60 days to upload CE credits from the activity date in order to receive credit. The CE credit will then be uploaded to the CPE Monitor and attendance of CE can be tracked through that system.

In order to process CE credits, participants must provide the correct NABP e-Profile ID number and their birth month and day (MMDD format). The NABP e-Profile ID number is a six to eight-digit number, and it is NOT your license number, NPI number, or store NABP#. If you need to verify your number or have not yet registered for one, please visit www.MyCPEMonitor.net.

Presentations

Presentation material will be made available on our website prior to the event. Participants are invited to download or print materials to use during the presentations.

The Washington State Pharmacy Association (WSPA) is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.
