

## BIKE RIDE(S)

### 2020 WSTA ANNUAL CONVENTION

There will be three different bicycle rides during the WSTA Annual Convention this year.

One to two hours has been allocated for each ride and will take place on public road systems and city trails in and around the City of Lake Geneva – the local scenery is absolutely stunning.

Each ride's duration and distance will be adjusted to meet the comfort level and biking skillset of the people participating. For riders wishing to ride less than 2 hours, the routes will be designed to swing back through the Grand Geneva to allow those riders to remain in their comfort level. You do not have to commit to all 3 rides, you can participate in as few or as many as you like.

Even with the good weather, the temperatures may still only be in the 50s and windy. Please remember to bring a breathable wind resistant jacket and gloves to help make the ride more comfortable.

If it is raining, we will not be riding.

**Any type of bike (comfort, mountain, road, etc.) or any level or riding will be supported.**

You are responsible for providing **your own bicycle** and **helmet**.

There are bikes and helmets [required] at the Grand Geneva Resort that can be rented for 2 hours \$25 / 4 hours \$40 [bikes] and \$10 [helmets].

To reserve your bike/helmet, contact the Adventure Center at the Chalet at 262.249.4772.

The rides will be organized by Dean Mischke from Finley Engineering Company  
**If you have any questions, please email Dean at [d.mischke@finleyUSA.com](mailto:d.mischke@finleyUSA.com)**

Each ride will promptly depart from the front entrance of the Grand Geneva Resort at the times listed below.
