**2019 eLation Staking and Mapping User Meeting  
February 5-6, 2019  
Highland Conference Center**

Innovative Systems invites you to attend the 2019 eLation Staking & Mapping User Meeting in Mitchell, SD. This FREE annual event will keep you informed on the most recent releases, updates to the product, and ways to promote your services. Real life scenarios, hands-on training sessions, and customer experiences with the Staking & Mapping software will highlight this year's event.

This User Meeting is also a prime opportunity for you to meet face-to-face with our support team and to network with other Telco staff from across the country to see how they are utilizing Innovative Systems products.
