## **River Rafting**

Wyoming River Trips  
233 Yellowstone Ave., Cody

**\$150/pp**

12:15 pm departure from Lobby

Participants should meet in the Holiday Inn lobby at 12:00 p.m. for a 12:15 p.m. departure. We are expected to return to the Holiday Inn at approximately 4:00 p.m. (Children must be 5 years of age or older.)

This raft trip is the most popular option because it combines the perfect balance of accessibility, whitewater and scenery, as well as just the right amount of time on the water. This raft trip covers approximately 12 river miles and is 2 to 3 hours on the water, dependent on flow.

This section of river, depending on water levels, consists of a mix of fun splashy rapids and gorgeous scenery, and provides a great all-around river experience, for a wide-range of fitness, ability, and experience levels.

# **ENTERTAINMENT**

**Thursday, June 18 ~ 6:45 pm & 7:45 pm**

## **Reed "Roller" Barrett**

Reed Barrett combines mentalism and close-up card magic to create a unique and intimate experience tailored to each individual audience. His extensive background in psychology has allowed him to create a show guaranteed to be unlike anything you have seen before.

Reed's show does not consist of conventional magic; instead, it focuses on the idea of psychological suggestion. The cognitive processes of the mind and the power of fate will be exposed. Reed's unforgettable sense of humor and charm provides an engaging fun atmosphere.

## **Self-Administered CPR**

From emergency rooms to center stage to the cockpit of an F-16, Reed's journey is proof that pressure can forge purpose. Drawing on his experiences as an EMT, professional magician, and fighter pilot, Reed shares the mindset that helped him push through doubt, setbacks, and extreme performance environments to achieve one of the world's most competitive careers.

Through powerful storytelling, aviation insight, and moments of illusion, he teaches the three pillars of Self-Administered CPR: how to reset under pressure, think critically when the stakes are high, and persist with intention. Audiences leave not just inspired, but equipped with practical, repeatable tools to build resilience, sharpen decision-making, and lead with trust when it matters most.
