# AI Innovation Series

June 8-12, 2026

Virtual, nine 2-hour sessions

## Prepare your bank for the future of AI—today.

The Graduate School of Banking's AI Innovation Series is a fully virtual, multi-day program built for banking leaders and professionals ready to unlock the potential of artificial intelligence. Over five days of expert-led sessions, you'll gain the frameworks, tools, and strategies to bring AI directly into your bank's operations, customer experience, compliance, workforce, and growth strategy.

### Program Highlights

- Executive Leadership & Strategy
- AI Implementation & Infrastructure
- Growing Your Leadership Toolbox
- Risk Management & Compliance
- Lending, Sales, & Growth
- Marketing & Customer Experience
- Financial Analysis & Research Applications
- Hands-On AI Playground

### Who Should Attend

Banking professionals across leadership, operations, IT, risk management, compliance, marketing, lending, sales, HR, and finance.

### Why Attend

- **Strategic Impact:** See how AI aligns with your business model, governance, and ROI.
- **Hands-On Learning:** Experience demos, case studies, and practical applications you can implement immediately.
- **Actionable Outcomes:** Leave with an AI roadmap tailored to your institution's needs.
- **Extended Access:** Enjoy recording access for 6 months after series completion.

### Bank-Wide Access. One Flat Fee.

This program is designed to elevate every department—so your team can all benefit together.

- Enroll your entire bank for \$2,495.
- Give every registered participant secure login access.
