**TIME:** REGISTRATION: 8:00AM  
PROGRAM: 8:30AM-3:30PM

These frequently encountered, but often tricky, evidence topics will be discussed: prior inconsistent statements, vicarious admissions, business records, intoxication, competence of expert, contacting adverse witnesses, medical causation, fees earned by experts, violation of industry standards, prior convictions, post-accident changes, learned treatises, opinions from party defendants and experts relying on other experts

You'll identify the difficult issues and get solutions on how to: petition for guardianship of a person suffering from mental illness, represent an AIP whose wishes are not in his or her best interest, deal with theft and exploitation of an AIP. Panelists include Orphans' Court Judges in Bucks, Chester, Montgomery and Philadelphia County who may decide your client's case as well as Legal Counsel from the Department of Human Services. They'll answer these questions and more: What does the Orphans' Court want to see in emergency and non-emergency petitions for guardianship? How much is a "reasonable" attorney's fee? What is expected when theft renders an AIP ineligible for needed Medical Assistance benefits?

**TIME:** REGISTRATION: 11:30AM  
PROGRAM: 12:00PM-3:30PM

The practices of Uber and Lyft, the two most popular ridesharing applications in Pennsylvania, have drawn varied responses from the legal community. The growth of these companies, and their market shares, has raised legal implications for all involved: the state, cities, drivers, consumers, and the companies themselves. While we love the ease of these applications, we are also bombarded with news articles highlighting the problems in the industry. This program will feature sessions covering: employment law issues related to ridesharing companies, the struggling regulatory state and proposals for effective regulation, and the privacy implications of ridesharing companies' data collection practices. Topics covered: Employment status of drivers and unemployment compensation issues; data collection practices, and the intersection of law and technology; Environmental impact and potential regulation; Consumer rights.
